Welcome to the May 2020 Hong Kong Auction

Dear Friends,

It is finally here – our 10th Anniversary Hong Kong Auction! Before I share some of the wonderful numismatic items that have been entrusted to us for this auction, I wanted to take a moment to reflect on the past and, perhaps more importantly, offer a heartfelt “thank you” to those who have participated in our auctions over the past decade.

While the Stack, Bowers and Ponterio names have been spoken about alongside great coins in the Americas for many decades, it’s no exaggeration to say that this was not the case in Asia just 10 years ago. Seizing on an opportunity, we held our first Hong Kong auction in December 2010, buoyed by the now legendary Wa She Wong Collection. It was our hope that the same professional, down-to-earth and transparent approach that had earned us the trust of so many would translate into this new market for us. Obviously, it worked! Since that first sale, we’ve had the honor of selling some of the most incredible Asian rarities. Perhaps it is a cliché, but we couldn’t have done it without you. And, with your continued patronage, we hope to celebrate this prideful occasion again ten years from now!

As you browse the pages that follow, I’m sure that you’ll agree that we’ve assembled an auction that is fitting for a celebration; not only are the rarities being offered truly staggering, but the sheer number of items may be nearly as impressive. In fact, a quick check confirms that this is our largest Hong Kong auction to date, with over 3,800 lots between our coin and currency catalogs. While individual highlights are truly too numerous to detail, a few favorites include three extremely rare modern Dragon & Phoenix concept designs, each dated the year prior to commercial production; a newly discovered brass pattern Dollar struck for Anhwei, and an immaculate, satin-finished pattern Dollar from the Rome Mint depicting their proposed Sun Yat-sen / Junk Boat design. Among items that hail from outside mainland

China, it’s hard to overlook a stunning proof Hong Kong Half Dollar from 1866. From Thailand, an imposing gold and platinum bimetallic medal, struck in celebration of Rama IX’s 50th year on the throne is sure to attract attention. Numerous named collections add considerably to the dynamic nature of this sale, including the Mas Fera Collection, the Trident Collection, the MBMY Collection, the Ta-Han/MCC Collection and the Charles Tanant Collection.

Finally, I would be remiss if I didn’t address the COVID-19 virus with respect to the collecting community at large. In many ways, it would be impossible for this global fight to not cast almost everything in a new light. In an instant, it has trivialized many things previously considered to be of importance to modern life. However, it has also turned a spotlight back to things that we may have grown accustomed to taking for granted—the health and well-being of ourselves, our families and our friends perhaps being at the top of this list. While collecting might seem initially lost among these new realities, a deeper look certainly yields greater than anticipated importance. For many, numismatics provides a sense of community, while for others, it helps to provide goals that lead to a sense of accomplishment. Still others find the connection to history a valuable tool for personal growth and reflection. Whatever the reason, it’s clear to me that collecting does have its place and, perhaps, that place is more important now than ever.

Stay safe and happy collecting!

歡迎參加SBP錢幣拍賣行2020年春季香港拍賣

親愛的藏家朋友：

萬眾期待的一刻——十周年香港年慶拍賣終於來臨。在與大家分享各種錢幣珍選前，我希望藉此機會回首過去，並向在過去十年間助力我司拍賣的各位客戶好友誠摯地道謝。

時德斯·鮑爾斯的錢幣拍賣名揚美國已久，但在十年前的亞洲，說是寂寂無聞也不為過。2010年12月我司隆重呈獻了傳奇的黃華樞集藏，舉行了第一場斐聲中外的香港拍賣。自首場拍賣開創先河以來，我們以專業、踏實而透明的拍賣服務在嶄新的亞洲市場贏得藏家信賴，經手過不少聲名鵲起的亞洲頂級珍品；十年飛逝，璀璨成就，有目共睹。雖可能略顯陳腔濫調，但確實，各位的支持及信賴，成就了今天的時德斯·鮑爾斯。前膽未來，我司會繼續在亞洲市場上砥礪前行，希望在下一個十年再與大家同慶！

當您在翻閱圖錄時，相信您亦會認同此次呈獻的錢幣珍品包羅萬象，作為年慶拍賣的珍選實是當之無愧。本次錢鈔拍品總數量逾3,800件，成為我司十年來規模最大的香港拍賣，藏品亮點亦數之不盡，令人振奮。當中有三枚極其罕有的現代幣龍鳳系列樣幣，每一枚均鑄於正式發行的前一年；亦有新發現的安徽造黃銅樣幣；及由羅馬造幣廠出品的緞面孫中山帆船樣幣。除中國錢幣外，1866年的香港半圓樣幣亦無比驚艷；即使放眼泰國珍藏，當地為慶祝拉瑪九世即位50周年而鑄的黃金鉑金雙金屬徽章存世極罕，定能成為全場焦點。多位名家的集藏更是本次專場的耀眼亮點，如Mas Fera集藏系列、Trident 集藏系列、MBMY集藏系列、Ta-Han/MCC 集藏系列及 Charles Tanant 集藏系列，可說是珍品琳琅滿目。

最後，我希望分享Covid-19疫情對收藏界帶來的影響。是次疫情影響全球，為個人在生活取態上開闢出新視角。許多我們曾以為是現代生活中必不可少的事物，在疫情下可能只是輕於鴻毛；我們習以為常的事物亦非理所當然，當下而言，想必皆以自己、家人及親友的健康為首要的優先考量。在疫情之初，收藏愛好或有迷失方向之感，但仔細沉思，收藏愛好其實有更深層的意義。對不少藏家而言，錢幣收藏為他們帶來歸屬感，有些藏家更認為收藏能帶來目標及成就感，或可用以協助自省及成長。無論背後緣由為何，對我而言，收藏有其獨特性，在充滿挑戰的時刻更能突顯其作用。

願大家多多珍重，收藏愉快！

40001

HONG KONG. Dollar, 1866. Hong Kong Mint. Victoria. PCGS AU-55 Gold Shield. KM-10; Mars-C41. Wholesome and original, this alluring example exhibits a hint of light handling and a few minor, unobtrusive marks, while a deep gunmetal gray tone and lustrous charm further accentuate its appeal.

1866年香港維多利亞壹圓銀幣。香港造幣廠。原廠品相，輕微經手痕跡，及幾處不顯眼的刮痕，帶深槍灰色包漿，光澤亮麗。

\$3,000-\$4,000

40002

HONG KONG. Dollar, 1866. Hong Kong Mint. Victoria. PCGS Genuine—Cleaned, AU Details Gold Shield. KM-10; Mars-C41; Prid-1. Very Rare Reeded Edge Proof Half Dollar

稀有的齒邊精製半圓

40013

HONG KONG. 1/2 Dollar, 1866. Hong Kong Mint. Victoria. PCGS PROOF-63 Gold Shield. KM-8; Mars-C33; Prid-4A. Coin Alignment - Reeded Edge variety. A **VERY RARE** presentation striking of this short-lived type, produced with obvious extreme care, exhibiting smooth reflectivity in the fields and crisply squared off edges. Minimal evidence of past handling and a charming array of light pastel tone over both sides also contribute positively to the overall appearance, with hues seen including yellow, gold violet and rose. Further close inspection suggests this piece was struck using a reworked set of dies, as subtle die rust, most notably on Victoria's neck, along with incompleteness in portions of the ornamental borders, is indicative of a later die state. All considered, an item that would be tough to replace, and as such is deserving of placement in the highest echelon Hong Kong cabinet.

1866年香港維多利亞半圓銀幣。香港造幣廠。正反面上下旋轉-齒邊版，十分罕有。此枚鑄工極為驚喜，底板光滑，邊緣銳利。經手痕跡極輕，兩面均有迷人的多彩糖果色包漿，更添美感。可見黃、金紫、玫瑰粉色調。仔細檢閱可知此枚使用重工模具鑄成，模具有輕鏽蝕，於維多利亞頸側可見痕跡。花飾邊框不完整，可見為末期模具所鑄。綜上所述，此枚為獨一無二的一枚，定能於香港錢幣的頂尖集藏中爭得一席之地。

\$25,000-\$35,000

PCGS# 322237.

40014

HONG KONG. 1/2 Dollar, 1866. Hong Kong Mint. Victoria. PCGS EF-40 Gold Shield. KM-8; Mars-C33. An evenly worn example of this coveted issue with no marks that stand out and deeply toned surfaces that contain a fair amount of eye-catching multicolored iridescence.

1866年香港維多利亞半圓銀幣。香港造幣廠。均勻磨損，無明顯瑕疵，表面有深色包漿，透出些許迷人的彩虹色澤。

\$2,000-\$3,000

PCGS# 322236.

40015

HONG KONG. 1/2 Dollar, 1866. Hong Kong Mint. Victoria. PCGS Genuine—Cleaning, EF Details Gold Shield. KM-8; Mars-C33. Some cleaning and moderate wear on the high points, but some hints of burnt sienna are present near the peripheries from re-toning.

1866年香港維多利亞半圓銀幣。香港造幣廠。有清晰痕跡，高鑄處磨損程度適中，邊緣處隱約可見深褐色的重新包漿。

\$1,000-\$1,500

PCGS# 322236.

40016

HONG KONG. 50 Cents, 1890. London Mint. Victoria. NGC AU-55. KM-9.1; Mars-C34. Ever so slightly handled with some scattered marks and hairlines, but an otherwise handsomely toned example of the type, with some muted luster remaining peeking from below.

1890年香港維多利亞半圓銀幣。倫敦造幣廠。輕微經手痕跡，有幾處分散的刮痕及髮絲刮痕，但包漿悅目，整體仍隱約可見光澤。

\$1,500-\$2,500

NGC UCID: 38GB.

40017

HONG KONG. 50 Cents, 1891. London Mint. Victoria. NGC AU-55. KM-9.1; Mars-C34. Sharply detailed with semi-reflective fields that are covered in attractive original tone that varies from yellow-olive to vivid iridescent blue and purple. An unquestionably **SCARCE** coin in this grade with character that would be tough to rival.

1891年香港維多利亞半圓銀幣。倫敦造幣廠。細節清晰銳利，半鏡底板，黃綠色至藍紫色誘人包漿。毫無疑問此品相中珍罕的一枚，其餘無可望其項背。

\$800-\$1,200

NGC UCID: 38KJ.

40018

HONG KONG. 50 Cents, 1891-H. Heaton Mint. Victoria. PCGS AU-55 Gold Shield. KM-9.2; Mars-C34. Deep olive-russet toned throughout with few marks and strong underlying luster. Infrequently offered finer.

CAMBODIA. Tical, CS 1208 (1847). PCGS Genuine—Chopmark, Unc Details Gold Shield. KM-36; Daniel-79. Purported mintage: 50,000. Thick Flan variety. A boldly struck and beautifully toned coin, a real delight to the eye. One bold "chopmark" has been applied, quite tastefully, to an area of the reverse field and does not impinge upon the design. Rather than detract from the beauty of the coin, it would seem to add a point of historical interest.

According the scholarly work conducted by Mr. Howard Daniel III, covered in his book "Cambodia Coins and Currency" there are several distinct "chopmarks" that appear on these issues. Mr. Daniel speculates that these chops were applied between 1853-79 and consists of a sunburst type and at least two different Chinese calligraphy chops.

The 1935-B Trade Dollar — An Incredible Rarity and Key Date

1935-B 貿易銀元 — 極為稀有，重要日期

40148

GREAT BRITAIN. Trade Dollar, 1935-B. Bombay Mint. George V. PCGS MS-63+ Gold Shield. KM-T5; Mars-BTD1; Prid-30. A resoundingly choice piece, this enchanting specimen is the finest graded across either service, and represents one of the true **RARITIES** within this popular trade dollar series. Out of the nearly 7 million examples struck, nearly all were melted down, leaving just a small handful of pieces known in existence. Given the present coin's immense quality and charming appearance, it should be hotly pursued and contested as it's an opportunity not likely to appear again anytime soon. Compare to a similar specimen emanating from the Mirs Bay Collection (a PCGS MS-61), which realized a hammer of \$19,000 in our 2019 spring Hong Kong auction (lot 62229). Clearly, the example now before you stands above all others, rivaled by none.

1935-B年英國貿易銀元站洋壹圓銀幣。孟買鑄幣廠。品相極好的一枚。此枚放眼評級公司中皆無可匹敵，貿易銀元系列中真正的稀世珍品。當時鑄造了近七百萬枚，幾乎全數被銷毀，僅有寥寥數枚存世。此枚的品相出眾，極為誘人，而且在短期內難以再遇，定會備受追捧，招來大量買家競投。Mirs Bay集藏中有一枚與之類似(獲評PCGS MS-61)，於2019年SPB春季拍賣(編號62229)中以\$19,000成交。此枚顯然是鶴立雞群，舉世無雙。

Hartill (2011) comments, "Chogin are long oval silver pieces, usually of very debased silver.... Their nominal weight was 43 momme, but owing to the crude way in which they were made, they frequently did not weigh as much as this. To make up the deficiency, smaller pieces of silver of various weights were used in conjunction with them. These are known as Mameita-gin (Bean Money) because of their rounded shape.... Mameita can have a stamp on just one side...or both sides."

THAILAND. Chang (80 Baht or 20 Tamlung), CS 1242 (1880). Rama V, P'ra Paramin Maha Chulalongkorn. C-193; LeMay-Pg.110; Krisadaolarn-pg.214 E502 (Plate coin); Krisadaolarn/Mihailovs-pg.138, E36 & E37; Coinage of the Rattanakosin Era-510.1. 10-blade variety. Weight: 1121 gms. This massive presentation bullet coin displays beautiful gun-metal gray tone with a lovely blue iridescent sheen. An outstanding well preserved and published survivor that clearly sat for a prolonged period of time undisturbed that has been handled with care. A highly anticipated offering and opportunity to obtain an iconic Thai issue that does not present itself often not to be missed as it may not occur again for many years. This piece as part of a complete set was featured on the front cover and on pages 11-12 & 99 of Mark Graham's and Manfred Winkler's book "Thai Coins" published 1992.

The Ultimate Thai Ancient Coin, King Chulalongkorn's equal Somdet P'ra Deb Sirindhra (Princess mother), to commemorate his age. The date chosen 24 May 1880 was very symbolic because in that year the King's age was equal to his mother's at her time of passing. Attendees who were present during the ceremony were given examples of this issue, while full sets were given to royalty and high ranking officials. Two of the three markings are typical emblems of Thai coinage and medals. One being an elaborate form of the chakra, and the other is the mark of the crown. The third mark is that of Rampeui with date below, which was chosen because it was his mother's maiden name. The Chang (80 Baht) and 1/2 Chang (40 Baht or 10 Tamlung) differ significantly from most other Thai bullets in that they are intricately hand engraved as opposed to the smaller denominations where all of the marks are struck. Even further delineating from the norm is the fact that this series represents the first dated silver coins of Thailand and the only dated bullet coinage ever produced. Considered by most collectors and scholars to be the pinnacle of Thai numismatics, to obtain a single example of any denomination is a feat and is highly prized by collectors. We note another example of the 80 Baht of this type that sold for approximately \$285,000 (9,520,200 Baht) in a 2018 auction in Thailand), seldom do the large examples from this series appear on the market and as such should be considered of the HIGHEST RARITY.

1880年泰國子彈銀幣80泰銖。重1121克。此子彈銀幣包漿為悅目的槍灰色，略帶藍色虹彩。保存狀態優異，顯然靜置時間長，且經細心保管。備受追捧的一款泰幣，而且多年不曾露面，此為將其納入藏中的難得良機。此為Mark Graham及Manfred Winkler於1992年出版的《泰國錢幣》封面、11-12頁及99頁中所收錄套裝中的其中一枚。

泰國古幣的巔峰。紀念朱拉隆功國王與其母Somdet P'ra Deb Sirindhra同壽。幣上的日期1880年5月24日極有紀念意義，因為該年國王的年齡與其母去世時的年齡相當。儀式的觀禮者每人會得到此版，而全套銀幣則頒授予皇室成員及高階官員。每枚子彈幣上均有三個戳記，其中兩個常見於泰幣和勳章，一為脈輪的精緻版式，二為皇冠；不常見的第三個戳記為Rampeui，是國王母親的娘家姓，下標日期。套幣中最大的兩枚，Chang（80銖）和1/2 Chang（40銖）與多數泰國子彈幣的不同之處在於，每一枚皆為純手工雕刻，普通子彈銀幣的小面值為機鑄。更令此套銀幣鶴立雞群的是，它是泰國首款鑄有日期的錢幣，也是唯一一款鑄有日期的子彈幣。無數藏家學者均認為，此套子彈幣代表泰國錢幣史上的巔峰，如能有幸收藏一枚都是極大樂事，將整套錢幣納入囊中實乃人生無憾。翻查拍賣記錄，此組珍品中的80銖曾於2018的一場泰國拍賣中以285,000美元成交。此套中的大面值市面鮮見。機遇千載難逢，不容錯過。

THAILAND. Haw Campaign Silver Medal, CS 1246 (1884). Rama V. PCGS SPECIMEN-63 Gold Shield. 31 mm. Barac-21. Obverse: Bust of Rama facing left; **Reverse:** Two Mahouts on elephant facing left. A stunning rendition of this **VERY RARE** medal which displays high-relief designs, especially on the obverse, and strong reflective qualities in the fields. A few scattered hairlines in the fields determine the grade, but most are well-disguised by attractive aged tone. A real prize for the Thai medal collector!

The Haw Wars (derived from the name used for Chinese Muslims from Yunnan), occurring between 1865 and 1890, were fought against Chinese aggressors (referred to as "flag gangs") who were invading parts of Tonkin, Lao and Siamese territories. For most of the first decade, these incursions largely occurred in Tonkin (modern day northern Vietnam) and Laos. In the spring of 1875, Siamese forces ramped up their involvement, sending forces across the Mekong River, ending in the capture of a Haw base at Chiangkham. In 1883, the Haw threat was renewed, and King Chulalongkorn dispatched an army; due to the accompaniment by English surveyor James McCarthy, the encounters that ensued, largely characterized as failures, are well documented. Again in 1885, another outbreak of hostilities arose. Attempts to suppress the Haw were again foiled, with the Haw fort being too strong for the under-munitioned forces. Threats continued until the 1890s when French influence intensified in the region, ultimately leading to the Franco-Siamese War in 1893.

1887年泰國拉瑪五世回人之戰銀章。31毫米。正面為拉瑪左臉半身像，反面有兩面看象人騎於象上，面向左。此枚銀章極罕，圖文高鑄，正面尤甚。底板光可鑒人，因有幾絲髮絲刮痕因而得此評分，但大部分被迷人的老包漿覆蓋，幾不可見。收藏泰國章牌的藏家萬勿錯過！

回人之戰(此稱取自中國稱呼雲南穆斯林的名稱)發生於1865至1890年間。中國的激進分子(被稱為"旗幫")入侵東京(今越南)、老撾及暹羅領土。首十年間，入侵集中於東京及老撾，但在1875年春天，暹羅軍隊投入作戰，派兵渡過湄公河，奪取回人於清坎德基地。1883年，回人捲土重來，國王朱拉隆功遣軍對抗，但由於有英國倖存者 James McCarthy 的參與，該次作戰最終失敗並被記入史冊。1885年，戰爭再次崛起，對抗回人的作戰依然失敗。多國組成的軍隊不敵回人牢固的防線。戰爭的陰霾延續至19世紀90年代，當時法國影響力逐漸加深，最終引起1893年的法暹戰爭。

THAILAND. Rama IX 50th Anniversary Gold & Platinum Bimetallic Medal, BE 2539 (1996). NGC PROOF-63 Ultra Cameo. 49 mm; 115 gms. Mintage: 150. Obverse: Facing portrait of young Rama IX; Reverse: Royal seal. A RARE and very popular medal among those who are aware of its existence, produced to commemorate the Golden Jubilee of Rama IX's time on the throne. Struck in gold and platinum (the only such instance that an official Thai medal has been made in this composition), these medals were original sold by the mint for 500,000 Baht and were only offered to pre-order customers. Today, offerings are few and far between, with the last such public offering bringing the equivalent \$45,000 in an auction in Thailand. This example, rather pleasing in appearance, displays extreme cameo features due to bold frost on the designs and deep, reflective fields. While the obverse is virtually pristine, a few light hairlines do appear on the reverse, accounting for the assigned grade. For the collector seeking important Thai numismatic issues of the last century, this piece certainly stands out and should generate much excitement.

THAILAND. Proto-Type Order of the Rajamitrabhorn Presentation Set, ND (Instituted 11 June 1962[BE2504]). An impressive and ornate proto-type for the highest Royal Order of Thailand that was presented to the Secretary of the Ministry of Department as a sample of the proposed and adopted design, produced by the Fine Arts Department under the direction of Mr. Sanit Desapun. Crafted by Teim Soaprayuwatakarn, his maker's mark, in Thai, appears on the central breast star. The order was instituted by King Bhumibol (Rama IX) to be given to the heads of state of foreign countries in recognition of friendship. As of 2009 (BE2553), 33 sets had been presented to awardees who were not eligible for the Order of the Royal House of Chakri, which was given to the Thai royal family and members of foreign royal houses. Recipients of this order are entitled to use the post-nominal letters “ร.ม.ภ.” indicating they are a Knight of the Most Auspicious Order of the Rajamitrabhorn. Components of this proto-type set include:

1) Breast Star (88.64 mm): Blue enameled central medallion within gold (73%) and silver border featuring gold Phra Khрут Pha (Garuda) with wings outstretched mounted by Narayana Theway (Deva) holding sword and Trishula (trident), all surmounted on a silver 8-pointed star with gold rays between each point. The maker's mark appears on the reverse of the silver star between the two upper rays. The tunic pin remains fully intact.

2) Collar (60 cm) & Star (105.63 x 65.31 mm [including suspension]): Blue enameled central medallion within gold (81%) and silver border featuring Trishula (trident) within Chakri (Charka wheel) set with diamonds, all surmounted on a silver 8-pointed star with gold rays between each point; a royal umbrella suspension appears above. The reverse features a white enameled central medallion with gold inlaid royal monogram of H.R.H. Bhumibol Adulyadej (King Rama IX) within solid gold, blue enamel and a beaded gold border. The gold (45%) collar chain consists of an alternating floral and leaf scroll design with the stylized royal monogram of H.R.H. Bhumibol Adulyadej, appearing in the center of the chain, set with diamonds superimposed on an orange enameled lotus flower with gold border. The locking clasp remains functional.

3) Cordon Ribbon (90 cm) & Star (84.80 x 51.72 mm [including suspension]): Blue enameled central medallion within gold (73%) and silver border featuring white enameled Trishula (trident) within Chakri (Chakra wheel), all surmounted on a silver 8-pointed star with gold rays between each point; a royal umbrella suspension appears above. The associated Cordon ribbon consists of yellow with narrow dark-blue edged white peripheral stripes.

4) Miniature Ribbon Pin (15.19 x 31.56 mm): Blue enameled central medallion featuring gold Phra Khрут Pha (Garuda) with wings outstretched mounted by Narayana Theway (Deva) holding sword and Trishula (trident), all surmounted on a miniature ribbon.

5) Lapel Pin (17.34 mm): Similar to miniature ribbon pin, but surmounted on a round ribbon.

CHINA. 150 Yuan, 1996. Unicorn Series. NGC PROOF-68 Ultra Cameo. KM-976; NPB-28a. Mintage: 500. A minimally handled example of this low-mintage date with a faint trace of purple tone along portions of the edges and a small haze spot in the obverse fields. Also interesting are the rims, which suggest partial striking out of collar, the result being several instances where the abrasions that originally existed in the planchet are not fully struck out.

Extremely Rare Dragon & Phoenix Gold 200 Yuan Design Concept Pattern One of Few Known!

鮮為人知非常珍稀龍鳳200元金樣幣

41140

CHINA. Gold 200 Yuan Pattern, 1989. Dragon & Phoenix Design Concept. NGC PROOF-68 Ultra Cameo. cf. Fr-B91; cf. KM-320. An **EXTREMELY RARE** modern gold pattern containing 2 ounces of gold, which was struck prior to, and dated the year before the official start of the Dragon & Phoenix Series of commemorative coins which began in 1990. Meticulously produced, the design on this piece is virtually identical to the 1990 issue, with the only distinguishable difference being the date, which sits at the bottom the Great Wall motif on the reverse. While little is known about this issue's creation, we do know that very few examples exist, with four total certified, one or two of which may be duplication caused in an attempt of getting a PROOF-70 grade. Whatever the actual number, the importance of coin on the landscape of modern rarities cannot be disputed. For the modern specialist, an opportunity that truly may not be seen again for many years to come.

1989年200元龍鳳呈祥精製金樣幣。龍鳳系列。這款極致稀有的現代金幣包含2盎司黃金，圖案印鑄於在1989年，正正是龍鳳系列紀念幣正式1990年發行的前一年。該幣制作精巧，實際上是與1990年版相同，唯一的區別是日期，日期位於背面的長城圖案底部。對該幣的設計知之甚少，存世珍品也極少，僅有四枚經認證，其中一或兩枚更可能是為了獲得PROOF-70等級而多次送評造成的重覆。無論實際數量多少，此幣在現代稀有幣中的重要性無可爭議，對於資深藏家而言，絕對是納入集藏的良機。

Potentially Unique Gold Dragon & Phoenix 10 Yuan Design Concept 極可能是存世孤品 龍鳳設計概念十元

41141

CHINA. Dragon & Phoenix Gold Pattern and Standard Issue (2 Pieces), 1989-90. Both NGC Certified.

- 1) Gold 10 Yuan Pattern, 1989. Dragon & Phoenix Design Concept. PROOF—Damaged. KM-Unlisted.
- 2) 10 Yuan, 1990. Dragon & Phoenix. PROOF-69 Ultra Cameo. KM-317.

An amazing **RARITY**, struck the year prior to the official start of the Dragon & Phoenix Series, with the only significant design difference between the pattern and the collector issue being the 1989 date. Perhaps set in jewelry bezel at one time, this coin now holds a few blunt scratches on the Great Wall side which mostly concentrate at the edges. For comparison sake, a 1990-dated example of the collector issue is included in this lot as well.

1989年10元精製金樣幣及1990年10元精製金幣，龍鳳系列。

- 1) 1989年10元龍鳳設計概念金樣幣。獲評PROOF—受損。
- 2) 1990年10元龍鳳金幣。獲評PROOF-69 Ultra Cameo。

美妙絕倫的罕品，鑄於龍鳳系列正式發行的前一年。樣幣及正式發行版設計上的唯一明顯差別在於年份1989。或曾鑲嵌作首飾，長城一面擦痕集中於邊緣處。為作對比，此組還包含1990年的發行版。

A Third Dragon & Phoenix Pattern Issue

第三款發行的龍鳳樣幣

41142

CHINA. Dragon & Phoenix Silver Pattern and Issued 5 Jiao (2 Pieces), 1989 & 1990. Both NGC PROOF-69 Ultra Cameo Certified.

1) The Pattern/Design Concept. 1989. cf. KM-265 (for regular issue).

2) The Regular Issue. 1990. KM-265.

This exceedingly interesting lot features the alluring “Dragon and Phoenix” type that was used across multiple gold and silver bullion issues—this being the 5 Jiao. While the 1990 regular issue is not difficult to encounter, with a mintage of 55,000, the other specimen in this lot—the pattern issue from the year prior—is **INCREDIBLY RARE** and almost never seen at auction. Our only other sales record for this type emanates from our August 2011 Hong Kong auction, where one hammered at \$85,000 (plus buyer’s fee). A charming and delightful pairing, and a great opportunity to acquire an exceptional modern rarity with a great design motif.

1989及1990年5角。樣幣及發行版兩枚一組。龍鳳系列。

1)樣幣或設計概念款。1989年。

2)常規版。1990年。

此組頗具趣味。龍鳳設計在金幣銀幣的不同版別中都有應用，而此組皆為5角。1990年的常規版較易覓得，發行量達55,000枚。但另一枚早年的樣幣則極為罕見，幾乎從未在拍賣場上露面。我們的2011年8月香港拍賣會上曾有幸以\$85,000(含佣金)拍出一枚。此組極具魅力，是將現代幣中取題好、品相佳的珍罕品納入囊中的絕妙良機。

Key Date Piefort Year of the Child 450 Yuan

關鍵日期450元國際兒童年加厚金幣

41169

CHINA. 450 Yuan Gold Piefort, 1979. International Year of the Child. NGC PROOF-69 Ultra Cameo. KM-P2. Mintage: 500. An incredibly **RARE** offering of this double weight issue in gold, with the only other appearance at auction located by this cataloger being an example that sold in 2016 (along with the silver piefort issue—far less difficult to obtain) for a hammer of \$120,000 (plus buyer's fee).

An interesting and captivating type, this was part of the movement enacted by UNESCO in 1979 to make that year the “international year of the child,” an act supporting UNICEF’s 20th anniversary for the Declaration of the Rights of the Child in 1959. Attention was drawn to the issues faced by the world’s youth, with the hope of raising both awareness and funds to support those in need. Coins such as this piece were part of the global effort to combat issues like hunger, poverty, and a lack of education.

1979年450元加厚金幣。國際兒童年。發行量僅500枚。極為罕見的加厚金版別。編者僅在2016年見過另一枚，當時連同加厚銀版(較為常見)以美元\$120,000(含佣金)拍出。

非常別緻的版別。1959年《兒童權利宣言》通過後，聯合國兒童基金會在此二十年間的貢獻良多。為顯示對其支持，聯合國教科文組織將1979年定為“國際兒童年”。此版別為當時的活動之一。此版別以全球青少年為主設計，期望能引起大眾的關注並引來更多捐款以幫助有需要的兒童。此類錢幣彰顯了全球為對抗如飢餓、貧窮和缺乏教育等問題而付出的努力。

Obverse: 1-1/2 square stamps reading "Ying Yuan" in seal script; Reverse: Plain. A good deal of brilliance remains, though some deposits and encrustation are noted on each side.

An early and crude form of gold currency, it is more probable that these "cubes" were used as funeral money rather than for use in everyday commerce.

楚國爰金。戰國時代。郢爰。大小:23.6x18毫米,重量:23.1克。正面:1-1/2方塊戳記為篆書"郢爰";反面:空白。仍保留光澤,兩側有沉積物和皮殼。

CHINA. State of Chu. "Yuan Jin" Gold Cube Money, ND (ca. 475-221 B.C.). Warring States Period. Graded "XF" by Huaxia Grading Company. Hartill-5.1; History of Chinese Currency-pg. 7, #1. Weight: 16 gms. A partial cube (cut at boundary between two cubes) with fragment of inscription "Ying Yuan", made in what is now Hubei Province. Nice, cleanly cut piece with dark golden tone and blank reverse.

This example was cut from larger bars which allowed for the making of small denominations, in this case, a partial cube was presumably separated from a larger set. Hartill conjectures that these stamped shapes were not meant to be specific weight units, but rather to validate the larger gold block. Historically this is China's first gold currency with a fixed shape and size.

楚國爰金。戰國時代。郢爰。重16克。方塊的一部分(兩枚方塊於中間被截開), "郢爰"銘文,今湖北省所製。裁切乾淨利落,有深金色包漿,反面空白。

製作時,先作有銘文的金條,再根據需要將其切成零星小塊。據推測,此為從一塊較大金銀分割出來的合二為一的小金塊。此為中國貨幣史上首款形制確定的金質貨幣。

CHINA. State of Chu. "Miao" Gold Cube Money, ND (ca. 475-221 B.C.). Warring States Period. EXTREMELY FINE. Hartill-5.6. Weight: 10.36 gms. Made in what is now Hubei province, the "cube money" types were cut from larger bars which allowed for the making of small denominations. According to Hartill (pg. 79), the obverse inscription on this piece is "uncertain", yet more recently, scholars have attributed the character as "Miao". While all "cube money" can be considered rare, this type appears to be **VERY RARE**, with few examples seen. A significant and collectible item as such, as this piece qualifies as a nearly impossible-to-find variety of what is historically China's first gold currency with a fixed shape and size.

楚國爰金。戰國時代。"少貞"。湖北打鑄。製作時,先作有銘文的金條,再根據需要將其切成零星小塊。據Hartill寫道,正面戳記不詳,近日,學者認為其為"少貞"。所有金質貨幣均罕見,此枚更是極罕,難以尋覓。品相極佳,且是一枚中國貨幣史上首款形制確定的金質貨幣,極具收藏價值。

Obverse: "Gong"; Reverse: Blank. Well made example of the type with bold characters, minor earthen deposits, and a greenish color.

CHINA. Early Han Dynasty. Four Small Domes Four Huei Bronze Mirror, ND. Graded "78" by GBCA. Diameter: 102 mm. Weight: 224.0 gms. The design features four studs evenly spaced in a square formation and four Huei patterns. The surfaces are mostly covered by attractive mottled thick green and red patina.

The Huei pattern is in reference to a venomous snake in Chinese mythology. There is a saying "It take 500 years for Huei to become Jiao, 1000 years for Jiao to become dragon". It is believed that the Huei pattern is a prototype of the abstract dragon pattern, usually found combined with a bird pattern, such as the present example, which is closely related to the of Sun god.

西漢四乳四虺銅鏡。102毫米。重量:224.0克。設計的特點是四個螺柱均勻地間隔成正方形，並有四虺紋。表面大多覆蓋著迷人斑駁的厚綠色和紅色銅綠。

"虺"字指的是中國神話中的毒蛇。古語有云:"虺五百年化為蛟、蛟修煉千年才為龍"。人們認為，虺是抽象的龍紋雛型，通常與雀鳥置於一處，如現在的拍品，被認為與日神關係緊密。

CHINA. Southern Song Dynasty. Gold Leaf Tael, ND (ca. 1127-1279). VERY FINE. China Numismatic Museum-220 (same inscription). 95.22 x 38.58 mm. Weight: 37.49 gms. A **VERY RARE** and fragile artifact with a relatively low survival rate. The central inscription reads "Chen Er Lang Tie Xian Xiang Shi Fen Jin". Complete sheet of ten leaves folded nine times in equal even horizontal segments like a piece of paper. Each sheet is stamped with the main inscription in the centers and once in each corner with a four character stamp. The majority of the stamps are clear with nearly full complete inscriptions. Crinkled surfaces as is common for objects of this type and would be expected for such a historical item of this nature. Attractive red earthen deposits are noted throughout in protected areas lending to its originality and giving it a great look certain to catch the attention of specialists of early Chinese numismatics.

It wasn't until fairly recent that the existence of Gold Leaf money from the Southern Song Dynasty was confirmed through examples being cataloged in museum collections and survivors coming in to the market place. For many decades this series of gold currency was unknown to the collecting community but has now been published and categorized to some extent having been discovered in Hangzhou, Huzhou, Wenzhou in Zhejiang province and have established multiple inscriptions.

南宋"鐵線巷陳二郎十分金"金葉子一疊。95.22 x 38.58 毫米。重 37.49 克。極罕，整體輕薄脆弱，存世率極低。中央銘文為"陳二郎鐵錢巷十分金"。一張十葉，紙張般平均地摺疊九次。每張均在中央印有主銘文及在角上一枚四字蓋章。大部分蓋章清晰，字符幾近完整。表面起皺，因其歷史悠久、質地特殊而難以避免。受保護區沉澱紅色積土，除證明其真實性外，更增添美感，定能引起中國錢幣藏家踴躍競投。南宋的金葉子錢直至近代才被博物館館藏證實其存在並流入市場。這類錢幣一直以來都不為錢幣收藏者所知。時至今日，金葉子在浙江省杭州、湖州、溫州出土，並按銘文進行粗略分類。

CHINA. Guangdong Yuanbao. Guangzhou Qing Jie Mu. Military Expense Ingot. Silver 50 Tael Tributary Trade Ingot, ND. Ming Dynasty. Graded XF 45 by GBCA. BMC-Unlisted; cf. Zhejiang Provincial Museum-pg. 104; cf. China Numismatic Museum-287. Weight: 1781.5 gms. The rippled surface exhibits 23 characters, each hand inscribed in three columns, nearly all are complete and boldly applied, the name of the silver smith who cast this ingot is Chen Xin. Several small portions of the raised wings are curled over as is commonly seen on the earlier high tipped types. Minor earthen deposits are noted in the crevasses mentioned for accuracy. Otherwise an attractive example of a highly sought after and significant type certain to see spirited bidding from advanced collectors.

During the early years of the Ming Dynasty a sea ban was implemented to protect the country from invading pirates. To maintain trade with overseas countries the government encouraged foreign envoys to conduct trade in China in the form of presenting tributes, hence "Tributary Trade". In order to mitigate the inflation caused by the reckless issuance of paper money the government went so far as to pay officials wages in the form of pepper and Indian redwood. The present ingot is an example of how the city Guangzhou used the goods tax from the tributary payments to pay military expenses and is historically significant in the study of Ming Dynasty Finance and tax history as well as Chinese military history.

明朝早期，實行封海政策，以防止海盜入侵。為維護與外國的貿易，政府鼓勵外國使臣在中國以"朝貢"方式開展貿易，故有"朝貢貿易"。為抑制無限印紙鈔引起的通貨膨脹，政府給官員發放辣椒和印度紅木作為薪酬。此銀錠是廣州徵收朝貢貿易中的貨物稅支付軍餉。在明朝金融和稅收歷史以及中國軍事史中，有重要作用。

Weight: 355.5 gms. "Wu Zhou Fu" (Wuzhou county). The stamp is boldly applied with good definition of the characters and minor earthen deposits amongst the devices. An attractive well preserved example with lovely light grey patina.

It is interesting to note that this type of ingot appears to have been produced in multiple provinces in an identical fashion, namely those of Szechuan, Kwangsi and Chekiang. When these types were poured into their moulds they were placed level and the crucible used to smelt the silver was pushed into the surface of the cooling metal. This process caused the metal to flow up between the crucible and the mould creating the high upset rims. Once ready to remove the crucible excess metal stuck to the bottom would create the nipple.

清代廣西梧州府十兩銀錠。重355.5克。"梧洲府"。戳印深刻恰到好處，文字清晰，圖文處有積土。保存完好，淡灰色包漿誘人。

饒有趣味的是，此銀錠鑄造於不同省份，如四川，江西，浙江，形狀均相同。注入模具後，它們被分層，用於冷卻銀的坩堝注入表面冷卻金屬。此過程讓金屬浮於坩堝和模具之間，形成高邊。之後移走坩堝多餘的金屬可鑄打底部，形成凸點。

The area of Eastern Yunnan is adjacent to Szechuan where the present type is normally associated with. However, since the neighboring provinces have much in common sharing similar historical, geographical and social backgrounds it makes logical sense that currencies from these provinces were familiar in either place. A Classic 20th Century Pattern Rarity

二十世紀經典樣幣珍品

41307

CHINA. Silver Tael Pattern Restrike, CD (1906). Tientsin Mint. PCGS SPECIMEN-63 Gold Shield. L&M-16; K-934; KM-Pn300; WS-0021; Wenchao-85 (rarity four stars). An appealing and exceptionally alluring design, this vibrant and unrivaled pattern issue presents a light burgundy tone shimmering throughout, only augmenting its character. One of the better examples extant, this piece deserves the utmost focus and attention from the most serious of collectors, as its destined for a first rate collection. The most recent offering of this type which we presented, emanating from the Mas Fera Collection, realized a hammer of \$85,000 in our August 2019 Hong Kong auction (lot # 52123, also a PCGS SPECIMEN-63).

As outlined in Chang Foundation and Wenchao, these are easily identifiable as restrikes from original dies due to the apparent light die rust. A short lived issue that never made its way into full production, but would influence the eventual standard design of the 1908 Imperial issues with only slight modifications to the reverse design of the Tael. By order of Imperial decree of the 9th Moon of the 34th Year of Kuang Hsu states that the Tael coin and its subsidiaries were to prevail over the 7 Mace 2 Candareens (Dollar). Due to dissenting provinces and the Emperor dying a month after the Imperial order, this new Tael series failed to take a foothold and the limited pieces that made their way into circulation had to be withdrawn.

光緒年造戶部丙午大清銀幣"中"字壹兩樣幣。天津造幣廠製。原模重鑄款。該版別無與倫比，別具魅力，圖文賞心悅目，通體可見淡紅酒色包漿，光澤粼粼，加深字體輪廓。現存品相較佳的一枚，注定是一流的收藏，值得進階藏家關注。最近我們經手的一枚此版別拍品出自Mas Fera Collection，於我司2019年8月香港拍賣會以\$85,000的價格成交（編號#52123，同時也獲PCGS SPECIMEN-63）。

據鴻禧美術館圖錄及董文超《中國歷代金銀貨幣通覽》介紹，此款幣上可見模具輕微鏽蝕的明顯痕跡，因此容易判定是以原模重鑄。它們從未正式量產，其版式卻影響了1908年發行之壹兩。據光緒三十四年九月皇帝旨意，這套壹兩至壹錢套幣將代替原有的七錢二分銀幣體系發行。但由於多個省份持反對意見，光緒帝又在頒旨一個月後即駕崩，這套銀幣僅有極少數流入市場，流通者也多被召回。

A highly popular restrike issue, which display the characteristic faint die rust on the dragon side, with sharp detail throughout and gentle gray toning. As expected, some light handling can be seen in the fields, but this takes little away from the solid grade assigned to this coin. An extremely important pattern, sought after by many, that is sure to bring spirited bidding.

RARE and short lived design. A well made piece as would be expected being a pattern only issue with satiny surfaces and nice cartwheel luster. The fields exhibit a thin veneer of tone coupled with minor debris amongst the devices somewhat subduing the light hairlines from a past cleaning. Despite its shortcomings an overall handsome and highly desirable type sure to be a welcome addition to the next collection it enters.

CHINA. Silver Dollar Pattern, ND (1910). Tientsin Mint. PCGS Genuine—Environmental Damage, Unc Details Gold Shield. L&M-24; K-219; WS-0036; Wenchao-98 (rarity two stars). A **RARE** and short-lived proposed design, this charming and alluring pattern Dollar features a rather distinctive design element in the form of the square-shaped dollar sign below the dragon. A bit of unfortunate environmental damage in the form of a dark stain is apparent to the lower left of the dragon as well as around the central characters on the other side. Nevertheless, there is no real evidence of wear, and a charming russet tone is speckled throughout, engaging the viewer even further.

41391

CHINA. Dollar, ND (1912). NGC MS-66. L&M-45; K-639; KM-Y-321; WS-0090. Li Yuan Hung without hat type. A gorgeous Dollar that possesses a needle-sharp strike, soft, satiny full luster and an overlying blanket of original tone that is mostly tan in hue, but contains instances of warm orange color around portions of the outer legends. Beneath the tone, very little evidence of past handling is seen, which helps to confirm the lofty grade. Unquestionably **RARE** in this impressive quality, with only one other like it at NGC and 3 graded MS-66 at PCGS. With none graded finer at either service, it's not a stretch to consider this piece at the peak of quality for its kind, and as such, it will almost certainly attract strong bidder attention.

A lightly toned and **SCARCE** type, this fairly well struck issue, with pebbly obverse fields (due to a rusty die) features some patchy dark toning. This toning, mostly on the reverse, is a thin black encrustation that has led to the details designation on the holder.

Highly Sought After “L. Giorgi” 3/4 Facing Bust Pattern Dollar of Yuan Shih-kai 備受追捧的袁世凱七分臉“L. Giorgi”簽字版樣幣

41466

CHINA. Silver Dollar Pattern, Year 3 (1914). Tientsin Mint. PCGS SPECIMEN-62 Gold Shield. L&M-73; K-643a; KM-Pn33; WS-0167; Wenchao-pg. 535#859 (rarity four stars); Shanghai Museum-Mr. Shi Jiagan's collection-pg. 138#634; Sun-III-2-14. Signed by “L. Giorgi”. **VERY RARE.** Pop: 3, two graded finer by PCGS. This pattern exhibits a bold strike showing every detail of Yuan Shih-kai's hair, eyes, and a good portion of his mustache. The fields are frosty, softly lustrous, and imbued with gray to dark gray tone. A slight break in tone occurs on the cheek, a natural high point that was most probably in contact with a containment device in the past and thus toned differently. For all practical purposes this example is as good an offering as one is likely to see in the near future.

Proposed pattern for the 1914 Yuan Shih-kai Dollar of Year 3 (1914). Vastly different from the adopted type as this piece features a three-quarters facing portrait of Yuan Shih-kai, rather than the left facing portrait found on the circulation issues. Two major varieties exist of this pattern designed by chief engraver Luigi Giorgi. This is an example of the second type which is signed, just to the right of the bust along the interior of the rim. This second type with the signature is substantially rarer than the unsigned type. Beautiful peripheral toning cradles the stern and authoritative portrait.

民國三年袁世凱像壹圓七分臉銀樣幣。天津造幣廠。“L. Giorgi”簽名。**極罕。**Pop：僅3枚，PCGS評鑑中另有兩枚分數更高。此枚樣幣鑄打深峻，袁世凱像栩栩如生，髮絲、眼睛及鬍鬚雕刻細緻。霜化底板，光澤柔和，帶灰至深灰色包漿，僅在臉頰處因其是高鑄處，與貯藏容器有所接觸而出現包漿色澤差異。儘管如此，這枚樣幣依然是千載難逢的一枚瑰寶。

民國三年袁世凱壹圓銀幣的樣幣，與最終採納的設計大相徑庭。此枚可見袁世凱的七分像而流通版則是左臉像。此設計存在兩個主要版別，均由雕刻師 Luigi Giorgi 設計。此枚屬第二版別，右胸處內緣帶簽名。帶簽名的第二版較第一版無簽名更為難得。漂亮的環狀包漿襯托莊嚴的肖像。

CHINA. Dollar, ND (1914). PCGS MS-65+ Gold Shield. L&M-858; K-642; KM-Y-322.1. WS-0094. Yuan Shih-kai in high feathered hat type; Restrike of 1918 variety. A lustrous Gem quality dollar, exceptional not only for its preservation, which approaches the highest quality imaginable, but also due to the captivating tone that now enlivens its appearance. On the obverse, the central design and highly lustrous surrounding fields are framed by scintillating bands of vivid green, blue, mauve and gold tone. The reverse shows much of the same colors, albeit in less dramatic saturations, with color bands being less distinguishable. The overall result is a coin with eye-appeal that would be hard to surpass. As such, we expect intense competition for the right to own this elite example of this wildly popular type.

Finely reeded edge, **EXTREMELY RARE** and possibly **UNIQUE**. The wide open spaces in the fields are completely free of even the most minuscule abrasion, with expansive flowing satin luster. Superb frosty white coloration complemented with a strike producing devices which are nearly photographic in their completeness. Taken together, these details raise this pattern to a pinnacle of near-perfection, one that should bring great bidding interest.

One of the most important patterns in the Junk Dollar series and purporting itself not be produced in China, but in Italy as the edges and finish are completely different than normally seen. In 1929, the Chinese Ministry of Finance ordered a new design for the then proposed Dr. Sun Yat-sen Dollar. Patterns were submitted from five of the world's leading mints: Italy, Japan, England, United States and Austria. This represents the first of the two Italian proposals, the later being identical save for the omission of the Rome mintmark (R) and engraver's name (A. MOTTI. INC.). Although Motti's initial design was rejected, the obverse design was later modified by John Sinnock, the chief engraver of Philadelphia Mint. This portrait served as the basic model for what was eventually used to produce circulation struck Dr. Sun Yat-sen Junk Dollars in 1932. Dies signed "A. MOTTI. INC.," Attilio Motti was Chief-engraver of the Rome mint.

Kann (1966, p. 440) comments, "The mint in Chengtu under the National Government, in 1950, produced 2 gold coins without denominations, dated 39th Year of the Republic. The dies of the Vienna-made nickel pieces of 20 and 10 cents...were used for the purpose, after the following changes had been effected: the date was altered from 25th to 39th Year; on the reverse side the 2 characters for 20 cents, respectively 10 cents, were removed, but the diminutive "A" (standing for Austria) was left standing. The purpose of this metamorphosis is not obvious. In 1950 China certainly was not in a mood to rise to the gold standard."

CHINA. Hunan-Soviet. Countermarked 20 Cash, ND (1931). NGC Genuine. An intriguing issue, characterized by a hammer and sickle design inside a 5-sided star countermark. As always appears to be the case, the mark was applied to a well-circulated 20 Cash coin, which happens to be an undated (1903) Empire-era 'Hu Poo' 20 Cash in this case. While few of these issues have appeared on the market, this piece is as nice as any, with the stamp displaying incredibly bold detail. According to our consignor, these **RARE** items were once found among bags of Chinese coppers that were being melted by the Japanese during WWII; in total, it is believed that around 100 were found out of 30,000 coins.

CHINA. Fukien. Hwa Nan College (Women's College of South China) 40th Anniversary of Service Gold Award Medal, 1945. ABOUT UNCIRCULATED DETAILS. Weight: 18.6 gms. Diameter: 40 mm. Obverse: Radiant torch in front of mountains at center with two outer circles, the first in English and the second Chinese; Reverse: several formations of Chinese text, 1945 date below. An **EXTREMELY RARE** and potentially **UNIQUE** medal type, awarded to Professor Hua HuiDe on his 40th anniversary of coming to China. Comprised of two sheets of gold struck first and then joined. All details remain, although the central fields show significant surface marks made with the intention of increasing the brightness of the medal.

Founded in the 1910s by the Women's Foreign Missionary Society of the Methodist Episcopal Church, Hwa Nan College, located on Nantai Island, was first a preparatory school for women, but evolved into a four-year college, with its first graduating class being in 1921. Existing in relative tranquility for decades, the start of the second Sino-Japanese War changed all that, with constant disruptions from air raid alerts beginning in the winter of 1937. By May of 1938, it was decided to relocate the college to Nanping, a location that was 120 miles up the Min River. During their move, Foochow (today Fuzhou), the major city nearest the campus, was occupied twice by the Japanese. Upon their return in 1946, the home campus was devastated. In 1951, the new Chinese government merged the Fukien Christian University with Hwa Nan College to form the National Fukien University. Today, after another merger, the institution goes by the name Fujian Normal University (FNU).

福建私立華南女子文理學院四十週年服務金章。重量：18.6克；直徑：40毫米。

正面：中心處山前的火炬，有兩重外圈，第1個是英文，第2個是中文；背面：帶有中文，下書1945年日期。在華惠德教授來華40週年之際，授予了這枚極其稀有和可能是唯一的獎章。該獎章由兩片金片製作。儘管中央區域有明顯的擦痕，以提高獎章的亮度，但所有細節依然保存完好。

循道衛理公會的婦女外國宣教協會於1910年代在南臺島創立華南女子文理學院，最初是一所女子預備學校但後來發展成四年制大學，其第1屆畢業生畢業於1921年。幾十年來相對平靜，直到第二次中日戰爭的開始改變了這一切。從1937年冬季開始，空襲警報不斷。到1938年5月，學院決定遷至南平，距離岷江120英里的地方。在搬遷期間，距校園最近的主要城市福州被日本人兩次佔領。當他們1946年返回時，校園已經遭到破壞。1951年，新中國政府將福建基督教大學與華南學院合併，成立了國立福建大學。今天，在又一次合併之後，該機構更名為福建師範大學（FNU）。

Obverse: Rock cliffs with nearby buildings and surrounding landscape; Reverse: Spade money depiction at center with surrounding circle of characters and ornate edge designs. Struck to commemorate the 1st anniversary of the Kweilin mint. Deeply toned on the obverse with significant mint red on the reverse. The depth of some of the color has passed into the environmental damage level in the opinion of PCGS. Upon even closer inspection, it becomes apparent that this issue was created by striking over a Hunan Crossed-Flags 20 Cash, with traces of the detail sitting beneath the designs on both sides. While not necessarily surprising, this remnant undertype does not appear on the four other examples of the type that we've previously offered.

Obverse: Building decorated with lion on shield motif; Reverse: Spade money with two lines of Chinese characters below. Brightened from extensive use in jewelry, but showcasing good detail. The only example of this attractively designed issue that we have seen.

As a way for the public in China to preserve wealth, the creation of medallion bullion issues became popular in the 1930s, and by the 1940s, many local gold shops were making their own types to sell to their customers. This issue was struck by the Lao Fang Jiu Xiu Silver Building, which opened up operation in Nanking in 1946. While still in its infancy, this area of collecting has attracted interest in recent years, as the types available to collectors are almost universally scarce to rare and they often depict interesting or culturally significant scenes.

貴金屬章牌作為民間儲存財富的方式在三十年代開始廣受歡迎。到了四十年代，許多本地金店會製作並銷售自家品牌的章牌。此版由1946年開業的南京老方九霞銀樓打鑄。此類藏品於今年廣受關注，一則因為其數量稀有，二則設計題材有趣，多與當地文化息息相關。

First Public Offering of Newly Discovered Anhwei Brass Pattern Dollar

首次公開拍賣呈獻 從未披露安徽省造黃銅樣幣

42001

CHINA. Anhwei. Brass 7 Mace 2 Candareens (Dollar) Pattern, Year 23 (1897). PCGS MS-63 Gold Shield. cf. L&M-192A (metal not listed), K-Unlisted; KM-Pn1 (metal not listed); cf. KM-Y-45.1 (metal not listed); H. Chang-CH43 (metal not listed); Chang Foundation-pg. 140 #64. Wenchao-pg. 718 #1145, cf. WS-1067 (metal not listed), cf. Hao-I-5-02. T.A.S.C. (often written as "A.S.T.C" for those reading lines from left to right). This **EXTREMELY RARE** brass pattern is for the first Dollar of the Anhwei Mint and can best be described as a specimen or essay; it is clearly of special manufacture intended for presentation purposes. On the character side, the English letters "T. A. S. C." are neatly placed in a clockwise manner within the beaded circle. Wenchao suggests it is an abbreviation of "TATSING AN-HWEI SILVER COIN", meaning "Anhwei silver coin of the Great Qing". This piece exhibits a complete strike with all raised designs displaying sharpness that leaves nothing to the imagination. While strong reflective quality still exists in the fields, the pleasing original skin has slightly subdued some of its vibrancy, with traces of mottled brassy tone here and there. This issue (silver, brass or otherwise) remained unknown to most early catalogers and was missing from major collections such as

Eduard Kann, Irving Goodman, Wa She Wong and Norman Jacobs. Of the highest importance and utmost rarity, this discovery piece, previously known only by the Chang Foundation/Wenchao Specimen, is sure to excite all levels of collectors from the novice to the connoisseur. Truly, a coin that is destined to become a centerpiece in its new owner's collection, as opportunities to acquire such an elite rarity are few and far between.

*The Anhwei Mint, formerly located in the city of Anking, was originally founded in the 23rd year of Kuang Hsu (1897). Initially this mint was established for the purpose of producing local silver coinage with the intent to replace the then-popular Carolus 8 Reales; clearly, this goal was not achieved as 8 Reales remained in circulation well into the 20th century. While Edward Kann was conducting research for his masterpiece, *Illustrated Catalog of Chinese Coins*, he was unable to locate mint records for the Anhwei Mint. Today, the silver coinage from this province generally remains scarce to rare, suggesting rather small mintages. This short-lived mint produced coinage for approximately two years before coining operations ceased and the mint was dismantled. Perhaps the reason for the short-lived nature of the mint was the lower purity metallic content of*

its silver emissions. Coinage from this province was not widely accepted by neighboring provinces as it was found to be lower purity silver than the products of other mints. This is perhaps the reason that silver issues from this mint are often found with many chopmarks. After the mint was dismantled, a new mint in Anhwei was established in the 28th year of Kuang Hsu (1902); however, its activities were limited to the production of copper coinage. With the exception of the patterns which were struck in Germany, production of all Anhwei silver coinage occurred at the first mint in Anking.

The 2012 discovery of production material shed new light on the creation of this coinage. The findings included patterns, dies, hubs and a series of punches from the archives of the Otto Beh Company of Esslingen, Germany, specialists in the production of seals and dies. Before this, the origins of the dies used to produce coinage for the provinces of Anhwei (such as the present piece), Chekiang, Fengtien, Heilungkiang and Sungarei were only speculated upon. To date, patterns are known struck in silver, silvered-brass, brass and aluminum, but this does not include samples of everything that Beh produced, as the number and variety of dies far outnumber the known patterns. From neighboring Goppingen, Louis Schuler received an order for coining presses in 1895 and commissioned Otto Beh to manufacture the dies. In 1897 and 1898, Beh supplied Schuler with over 200 dies for Chinese coins. At the time, this was the largest order that the company had ever received. Schuler, which started as a Locksmith's shop in 1839, had grown to become one of the world's leaders in metal forming and in fact supplied the aforementioned mints with coining presses.

We have offered several variations of the Dollar patterns from this series including a version of this pattern struck in silver listed in our Ponterio & Associates NYINC Auction January 7, 2011 Lot # 827 (hammering down at an impressive \$280,000 plus buyers fee) and a silvered brass pattern version in our Stacks Bowers & Ponterio Hong Kong Auction April 2, 2013 as lot # 21217 (unsold).

光緒二十三年安徽省造七錢二分銅樣幣。極罕的安徽造幣廠首枚銀幣銅樣，一般稱之為樣幣或試作幣。明顯是為送樣而特別製作的。字面部分，英文字母“T.A.S.C”於珠圈內以順時針方向排列規整，意為安徽省造大清銀幣（Anhwei silver coin of the Great Qing）。幣面細節清晰銳利，原始色澤略帶斑駁黃銅包漿。早期許多藏家對此幣仍有未解之處，於眾多經典集藏如耿愛德、古德曼、黃華樞及諾曼中亦從缺。其歷史價值及罕見程度，足以令所有藏家大為讚歎，如今正是絕佳機會收入囊中，定會為集藏添光溢彩。

安徽造幣廠位於安慶，光緒二十三年(1897)設置之初是想要製造一種取代本洋的銀幣，而本洋到二十世紀仍大為通行，顯然其目的並未達成。當耿愛德編製其中國集藏的書籍之際，亦未能找出安徽省造的發行人。時至今日，安徽銀幣愈見稀少，原因應是當初的製額甚低，造幣廠運作不足兩年即被裁撤。安省銀幣在鄰近地區亦未能廣泛流通，可能是成色較其他省份為低，或是因為銀幣上通常戳記甚多。光緒二十八年(1902)再度設廠，但只生產銅元。安省龍銀除卻於德國所鑄的樣幣外，都是初次建廠時所造。

2012年，隨著對當時的生產工具有新發現，亦為此幣帶來新的亮點。這些發現包括樣幣、模具、二元模及一系列來自德國Otto Beh公司的存檔製模沖頭。在此之前，原始模具用於安徽（此枚）、浙江、奉天、黑龍江和新疆的幣製生產僅是猜測。Otto Beh為封蠟及模具的生產專家。到目前為止，已知打樣的有銀幣、銀銅幣、黃銅幣和鉛幣，但Beh生產的樣幣不止這些。其模具數量和種類遠遠超過已知的樣幣。1895年，路易斯·舒勒（Louis Schuler）從附近格平根（Goppingen）收到了壓鑄機的訂單，並委託奧托·拜赫（Otto Beh）製造模具。在1897年和1898年，Beh為Schuler提供了200多個用於中國硬幣的模具，這是當時該公司接到的最大的訂單。1839年，舒勒的商店開業，後來發展成為世界上領先的金屬成型企業之一，並為上述所提及的造幣廠提供了鑄幣設備。我們曾上拍過同系列中的幾枚樣幣，包括同一款銀製樣幣在2011年1月7日NYINC拍賣會上以編號827上拍（落槌高價280,000美元，連佣金）；和一枚黃銅幣銀樣，在2013年4月2日香港拍賣會上編號為21217（流拍）。

CHINA. Anhwei. Brass 1 Mace 4.4 Candareens (20 Cents) Pattern, Year 23 (1897). NGC MS-61. cf. L&M-194; cf. K-50a; cf. KM-Y-43.1. With the initials "A.T.S.C." in the reverse field. **EXTREMELY RARE.** A neat and interesting issue from a series that was shrouded in mystery for decades. The piece exhibits a sharp strike clearly defining the intricate design features, every scale can be noticed without the aid of magnification. The bright brassy colored surfaces have developed a nice skin subsequently subduing the brilliance in the fields offering much originality. We do notice a portion of the obverse rim that has toned and small area of discoloration at the top right of the character side between "Er" and "Shi" mentioned for accuracy. This highly sought after type very seldom appears for sale in any condition and should be considered a real treat for the specialist. We sold an inferior example graded PCGS SP-50 in our Stack's Bowers & Ponterio Hong Kong Auction April 2, 2018 Lot # 50047 which hammered down for an impressive \$25,000 (plus buyers fee).

光緒二十三年安徽省造一錢四分四釐銅樣幣。背面帶有縮寫"A.T.S.C."。極其稀有。數十年來一直極為神秘的錢幣。此幣線條鮮明，細節深峻，細節無需放大已是纖毫畢現。明亮的黃銅色表面融合了幣面的光彩，別具一格。可見正面幣緣已有包漿，並且在右上角的"Er"和"Shi"之間有一小部分褪色。這種極受追捧的錢幣很少出現在拍賣會上，定會備受追捧。2018年4月2日在SBP香港拍賣會上出售了一枚PCGS SP-50，拍賣品編號50047，以驚人的\$25,000（連佣金）成交。

KM-Pn5; K-122I; L&M-280; Sweeny-CN3p. A gorgeous **EXTREMELY RARE** pattern with razor-sharp strike and prooflike fields on the character side. All devices are in perfect detail and surfaces imbued with gray and russet toning that tends to darken toward the periphery. This exquisitely elusive type almost never appears in auction and the opportunity to bid for it now should not be ignored.

It is interesting to note that the all of the necessary minting equipment to produce the coinage of this pattern series was supplied by the Heaton Mint of Birmingham, but was not utilized to place silver into circulation. There is however evidence that the minting equipment was used to some degree as 10 Cash identical to the design procured from Birmingham. Another interesting aspect is that since these issues were initially designed by foreigners the spelling of the provincial name as "CHE-KIANG" instead of "CHEHKIANG" which was the modified English inscription and later the standard spelling.

所有打鑄此版銀幣所需的設備均由伯明翰的喜敦造幣廠提供。雖然設備在打鑄流通銀幣時沒有用上，但曾用於生產設計相同的十文。此枚還有另一有趣的故事：最初由外國人設計，省份拼寫為"CHE-KIANG"。及後英文正式拼寫改為"CHEHKIANG"。

In a time of presidents and warlords the people wanted to unite, but also to have autonomy in their own provinces. Zhao Hengxi, the governor of Hunan wanted to protect the province from civil war so he worked diligently to establish the Provincial Constitution and was finally successful on January 1, 1922. The constitution, which contains 141 articles grouped under 13 chapters, states the difference between the central and local governments. Some of the weaker warlords were for these constitutions as it was used somewhat like a talisman in that no other provinces' armies could enter the province without permission. Several southern provinces followed suit and successfully drafted and instituted their own constitutions.

An overall delightful mix of this issue struck under Hong Xian (Hung Hsien)—the name taken by Yuan Shih Kai for his brief attempt at a restoration of the monarchy. The grades of this grouping range from MS-66 Red to MS-63 Brown, with no duplication in the combination of numerical grade and color designation.

Near Choice Hupeh Tael

近完美品相湖北壹兩

42147

CHINA. Hupeh. Tael, Year 30 (1904). PCGS MS-62+ Gold Shield. L&M-180; K-933; KM-Y-128.2; WS-0878. Small Characters variety. An attractive SCARCE Dollar with good luster and light gray tone. A few light marks on both sides keep it from a finer grade, but are overwhelmed by the highly pleasing, original surfaces and crisp design details. This is an attractive example of a popular, historically interesting issue and is sure to bring intense bidder interest.

Originally 648,000 Hupeh Taels were minted, this includes both large and small character types; however, it is unknown exactly how many of each were struck. The Hupeh Tael was introduced as part of a projected coinage reform based on the traditional Chinese weight standard, rather than the Dollar system. In the initial proposal to produce these coins, it was also suggested to produce smaller denominations in the values of 1, 2, and 5 Mace. However, no such pieces have surfaced (even in pattern form) and it is unlikely they were ever produced. The general populace found it complicated to convert two distinctly different coinage systems, especially when making change. A Hupeh Tael housed in the British museum supports this by showing evidence of cutting to make change. The British museum specimen is essentially mint state with a large pie shape section cut from the coin. The cut is in a similar manner to the "broken dollars" picture on pg. 121 figure 4.10 of Joe Cribb's reference Money in the Bank. This short lived series circulated for only a brief period and was soon after replaced by the unified Tai Ching Ti Kuo silver coinage. Although the Hupeh Tael coinage has a fairly large mintage, most were likely melted down to be made into later coinage. It is interesting to note that the Hupeh Taels were struck in 0.877 fine silver, as opposed to the 0.960 fine silver set forth by the currency regulations of 1905.

湖北雙龍壹兩共製有648,000枚，包括大字版和小字版，每一版具體製作量不詳。當時的幣制改革擬棄用“圓”為單位，改用中國傳統重量單位製錢，湖北壹兩便應運而生。原本在製造雙龍壹兩的同時，鑄幣局還要鑄伍錢、貳錢、壹錢等輔幣，但是這些輔幣均未有流通幣流傳於世，甚至連樣幣都沒有，因此很有可能未曾鑄出。當時的百姓普遍認為兩種幣制在轉換時會引起困擾，在找錢時尤其如此。這一換算混亂情況的佐證，是大英博物館館藏的一枚湖北壹兩：它新如出廠，唯獨好似切餅般被切去了一角，與Joe Cribb著述Money in the Bank第121頁圖4.10所示的broken dollars有異曲同工之妙。湖北雙龍壹兩流通時間極短，之後被大清銀幣取代，儘管鑄打數量較多，但是之後多被回爐重鑄。值得注意的是，湖北壹兩的銀成色為0.877，與1905年（光緒三十一年）制定的壹兩銀幣章程中所規定的0.960不符。

An attractive nicely preserved example of this ever popular type exhibiting a bold strike with good definition of the fine details. The surfaces display lovely pervasive dove gray patina with hints of sunset hued iridescence in the peripherals. A very pleasing survivor with good eye appeal far nicer looking than an identically graded example we sold in our August Hong Kong 2019 auction Lot # 51149 which hammered down at an impressive \$24,000 plus buyer fee. A wholesome piece certain to garner much attention from collectors seeking good looking examples.

CHINA. Hupeh. 7 Mace 2 Candareens (Dollar), ND (1895-1907). NGC MS-66. L&M-182; K-40; KM-Y-127.1. An absolutely enchanting Gem, this fully resplendent example—tied for the finest at NGC with just one other specimen—offers wondrous steel gray surfaces and an alluring underlying luster shimmering throughout. The toning, full of character and appeal, offers a palette comprised of cobalt and russet, with a tinge of burnt sienna on the dragon side. With quality that is unlikely to be surpassed or even rivaled anytime soon, we expect this issue to garner tremendous interest and focus from the most advanced collectors of Chinese rarities.

The German involvement in World War I found the port of Kiau Chau under British and Japanese siege on August 27th, 1914, and ended on November 7th and Kiau Chau remained under Japanese control until returned to China in 1922. Hard mirror surfaces with frosted devices. Highly attractive.

1909年大德國寶伍分。柏林造幣廠。鏡面底板，霜化圖文。極罕，品相極佳。

根據耿愛德，大德國寶伍分及壹角於1909年十月進入流通。儘管被人接受，但是流通時間極短。1914年8月27日，膠州灣遭到英國和日本的圍攻，於同年11月7日被攻陷，之後膠州一直在日本控制內，直到1922年被歸還中國。鏡面底板，霜化圖文，非常誘人。

CHINA. Kiau Chau. Nickel Plated Brass 10 Pfennig Token, ND (ca. Early 20th Century). PCGS MS-63 Gold Shield.

Menzel-4287.1.2. The single finest certified of the type on the PCGS population report with none listed on the NGC census. Obverse: uniformed bust facing forward; reverse: P.H. in center, "WERT-MARKE 10 PFG." ("good for 10 pfennig") around. A bright and lustrous example with nice cartwheel luster and nearly complete intact plating. An interesting issue sure to add depth to the next collection it enters.

Made in Berlin as a token for the German colony of Kiau Chau, which fell to the Japanese in 1914. We sold an inferior example graded PCGS MS-62 in our Stack's Bowers & Ponterio March Hong Kong auction 2019 Lot # 60255 for an impressive \$3,200 hammer plus buyers fee.

20世紀初青島鍍銀黃銅10芬尼代用幣。PCGS中唯一最高分，NGC中無任何同版評級記錄。正面為制服胸像，背面中央印"P.H."，邊緣有銘文"WERT-MARKE 10 PFG"（等同10芬尼）。光澤出眾，車輪光盡現，鑄打規整。有趣的一枚，絕對能增加集藏的深度。

鑄於柏林，德國殖民時期膠州代幣，直至1914年膠州被日本侵佔。我們曾於2019年香港拍賣會上拍賣過一枚PCGS MS-62的代幣，編號60255，當時以3200美金落錘。

CHINA. Kirin. 10 Cash, CD (1909). NGC AU-50 Gold Shield. CL-KR.27, KM-Y20p.3. “Rooster Claw” dragon variety. Exceedingly desirable and important, a needle sharp strike and even, dark chocolate brown patina throughout.

Immensely Rare Silver 50 Cents Pattern Kwangtung's Fabled Second Series

極為罕見三錢六分樣幣 傳奇的廣東七二反版

42291

CHINA. Kwangtung. Silver 3 Mace 6 Candareens (50 Cents) Pattern, ND (1889). NGC MS-63. L&M-129; K-22; KM-Y-197.1. An **EXTREMELY RARE** pattern issue, this incredible specimen exhibits a rather sharp strike along with steel gray surfaces dominated by a darker tone. Meanwhile a hint of gold accentuates some of the devices. A light die crack is noted on the dragon side, though not at all distracting. An incredible opportunity for a magnificent coin that was lacking from collections such as Kann, Bowker, and Goodman, this piece represents the sole appearance for the type in the NGC census, while PCGS has certified a mere three examples: SPECIMEN-62, SPECIMEN-63, and MS-64.

With an intention to replace the foreign coins circulating in commerce, a new mint in Kwangtung was established with five denominations introduced. As the weight standard for this new series was slightly heavier than that which had been in use, the first series was withdrawn and melted, while a second series—*now at a reduced weight*—was produced in its place. This pattern series did not meet the approval of officials in Peking, and it too was quickly withdrawn. A third attempt proved much more successful, with this tertiary series finally serving as the basis for the coinage moving forward. It is this second series, from which the present piece emanates, that stands as one of the most desirable and rare from the whole of Chinese numismatics.

廣東省造光緒元寶三錢六分反版樣幣。極為罕見的樣幣版。此枚樣幣鑄打銳利，令人驚艷。鋼灰色幣面上覆有深色包漿，部分圖文略帶金色，更為突出。龍側有一處模具開裂留下的輕微痕跡，但瑕不掩瑜。此枚錢幣於Kann、Bowker和Goodman等集藏中均從缺，若想將其納入囊中，此次可謂是千載難逢的良機。NGC評級中僅此一枚，而PCGS只評級過另外三枚，分別獲評SP62、SP63和MS64。

為了取代商業流通中的外國硬幣，廣東省建立了一所新造幣廠，鑄打五種面額。由於新鑄的錢幣重量標準較之前使用的錢幣稍重，因此第一批出品的錢幣被撤回和熔毀，由已減重的第二批錢幣取替。但由於此樣幣系列沒有得到當時官方認可，因此很快被撤回。第三次嘗試則相對成功。第三批鑄打的錢幣最終成為新幣的基礎。此枚銀幣出自第二版，從目前所存的來看，可說是中國錢幣中最珍稀、最受追捧的一枚。

Extremely Rare 1889 Reversed Pattern 20 Cents

極其珍稀廣東七二反版一錢四分四釐樣幣

42292

CHINA. Kwangtung. 1 Mace 4.4 Candareens (20 Cents), ND (1889). PCGS AU-55 Gold Shield. L&M-130; KM-Y-196.1; WS-0938. "Reversed Pattern" with corrected denomination. A sharply struck, highly attractive coin with abundant remaining luster and lovely toning throughout. A highly sought after prototype from the prolific Kwangtung mint with the design that once modified by switching the outer Chinese and English legends would become the standard design for all other provincial dragon coinage.

*Upon the realization that the first Kwangtung issues were being gathered from circulation and melted for their extra silver content, authorities quickly ordered a modification to the new coinage design. New patterns were produced at the Kwangtung Mint using hubs supplied by the Birmingham Mint. Essentially these were identical to Allan Wyon's original design with a few modifications. The weight of the Dollar was changed from 7 Mace 3 Candareens to 7 Mace 2 Candareens with similar modifications for the corresponding smaller denominations. Another subtle change that was made, but only on some denominations, was the addition of small rosettes at either side of the dragon. Like the "Seven Three" coinage, this new modified design was destined for failure. The overall design failed to meet with the approval of the Peking authorities due to the placement of the Chinese and English legends. The mint was then instructed to shift the English and Chinese text to the opposite sides of the coins. This and the previous series have come to be known as the "Reversed Pattern" series for this reason. **EXTREMELY RARE** denominated 1 Mace 4.4 Candareens, much **RARER** than the previous issue with the 1 Mace 4.6 Candareens denomination.*

廣東省造光緒元寶一錢四分四釐反版銀幣。"反版"，面值經修改。鑄打銳利，極具吸引力的銀幣，光澤充沛和包漿鮮明。此枚備受追捧的銀幣源自廣東造幣廠，在調換了外緣的中英文後，成為了之後各省龍銀的模板。

在廣東當局理解到所發行的第一套銀幣被囤積銷毀，以提取銀料後，迅即改變設計。廣東錢局以伯明翰造幣廠提供的母模修改重新製模。新版基本上與艾倫偉恩（Allan Wyon）的原來設計相同，只更動少許。一元的重量由七錢三分減為七錢二分，其餘的依序遞減。部份在蟠龍兩側各添加一個花星。如同七三系列，修改的新版沒有成功。其整體設計因中英文字的安排未得到北京當局的批准。造幣廠被指示掉換中英文的位置，此與先前發行的系列因而被稱為"反版"。極罕見，這枚一錢四分四釐銀幣較七三反版的一錢四分六釐銀幣更為稀少珍貴。

Neat raised concentric dies lines in a clockwise direction can be seen on the reverse giving an interesting characteristic that is not noticed on the circulation issues. Interesting Kwangtung Pattern Cash

饒有趣味的廣東省一文黃銅樣幣

42326

CHINA. Kwangtung. Brass Cash Pattern, ND (ca. 1890-08). PCGS SPECIMEN-62 Gold Shield. CCC-779; Duan-2235. An interesting and perplexing issue certain to grab the attention of the specialist looking to advance their collection. The obverse features the standard design with the formula for the Emperor's name while the reverse is what really sets it apart from other issues. The Manchu script on the reverse is somewhat barbarous done by an inexperienced and unfamiliar hand who succeeded in engraving a nonsensical version of "Guwang". Two dots are also noticed on the reverse, a feature not normally associated with square hole cash. The surfaces are quite lovely displaying lovely golden brown tone amongst the devices while the rest of the fields exhibit a bright and flashy brassy tone. A neat and seldom encountered issue destined for an advanced collection of Chinese numismatics.

An interesting pattern whose exact origin is unknown. Certainly not manufactured in China, but most likely produced in Europe. The fact that this elusive issue is not listed in many of the reference material is suggestive of limited production. Though stylistically a much different product than the Paris mint patterns (CCC-777) where the characters are larger and more bubbly, this issue also differs from the patterns produced by the Heaton mint in Birmingham (first Kwangtung dragon issues). Due to the lack of contemporary documentation there is no solid evidence as to the place of manufacture.

廣東省造光緒通寶一文黃銅樣幣。有趣而充滿神秘感的一版，能增進集藏，定能引起專業藏家關注。正面為常規設計，鑄有光緒帝的稱號，反面則與其他版別不同。反面的滿文雕刻較粗糙，手工青澀，"Guwang"字走形。兩點於背面在方孔銅錢中很少見。幣面漂亮，圖文間有金棕色包漿，底板為亮麗的黃銅色澤。難得一遇的版別，而且品相出眾。收藏中國高端錢幣的藏家萬勿錯過。

出處不明的一枚樣幣，頗為趣緻。肯定不是鑄於中國，更可能是出自歐洲。之所以在諸多參考書中都不得見，或是因其製額極少。此枚風格較巴黎造幣廠(CCC-777)的樣幣不同，巴黎造樣幣字體較大。此版與伯明翰喜敦造幣廠(製出首版廣東省龍幣)出品的錢幣亦有差異。由於缺乏文獻，因此缺乏其出處的實質證據。

Seldom Encountered Military Ration Dollars

珍罕的福建漳州軍餉銀餅

42444

CHINA. Taiwan. Military Ration Dollar, ND (1836). NGC VF-35. L&M-310; K-7; cf.WS-0994. An **EXTREMELY RARE** and unusual issue. Obverse: Two Chinese characters at top, signature below flanked by 4-petal rosettes on either side, also by two small official chopmarks "Chang" and "Xie"; Reverse: Four Chinese characters, the bottom two flanked by 4-petal rosettes. The coin edge exhibits a security device of circles and rectangles, remarkably similar to that seen on Spanish Colonial Portrait Reales. A wholesome dollar with some uneven wear but exhibiting a minimum of field marks and endowed with a pervasive and even dark gray tone.

For the majority of the nineteenth century, Taiwan remained under the control of the Qing court as part of Fukien province. During this time Taiwan saw great civil unrest, with regular occurring rebellions and riots. This period evoked the common saying "every three years an uprising; every five years a rebellion". These military ration dollars were struck during one such rebellion in the sixteenth year of Tao Kuang (1836). Five years after it began the rebellion was quelled in the 21st year of Tao Kuang (1840) at a total cost of nearly 100,000 Taels.

台灣軍餉銀餅。極罕，非同尋常的版別。正面頂部有"軍餉"二字，底下落款兩側有四瓣小花及兩枚官印"昌"、"協"。反面"足紋通行"，底下兩側有四瓣小花。幣邊有圓形及長方形組成的保險齒邊，與西班牙本洋類同。品相完整，磨損不均，底板留痕極少，均勻的深灰色包漿。

19世紀大半時間台灣隸屬福建省，由清政府管治。當時大小叛亂事件頻生，因而有"三年一小反，五年一大亂"之說。此軍餉銀餅是道光十六年(1836年)發生動亂時所製，這次事件歷經五年，終在道光二十一年(1840年)平息，耗費近十萬兩銀。

Despite moderate wear, an exceptional example of this highly sought issue, possessing rich gray color over both sides and only a few insignificant chopmarks, compared to the multitude that usually accompany the issue. Highly Desirable Yunnan Rupee

42493

CHINA. Yunnan. Rupee, ND (1907). PCGS EF-40 Gold Shield. L&M-427; Wenchao-pg. 512 #830 (rarity four stars). This **EXTREMELY RARE** type is clearly modeled after the Szechuen Tibet Rupee series. Although similar in appearance, various modifications have been made to the design. These include some stylistic changes and the addition of the English legends "YUN-NAN PROVINCE" and "SILVER COIN". The obverse depicts a left facing profile portrait of the emperor "Guang Xu", however some accounts claim it to bear the likeness of Yunnan governor "Cen Yuying". This type initially was intended to counter the influx of British Indian Rupees entering circulation within the region. However, it was minted on a limited trial basis and never reached full production. For this reason examples are seldom encountered today. A handsome representative of the type far nicer than normally encountered displaying light golden-gray tone throughout with areas of richer patina in the peripherals lending to its eye appeal. An example certain to catch the attention of the specialist looking for high grade problem free pieces to add to their collection.

1907年雲南盧比。珍稀度：☆☆☆☆。極其稀有，仿照四川盧比系列而鑄造的。儘管外觀相似，但已對原設計進行了各種修改。其中包括一些樣式上的更改，以及英文文字"YUN-NAN PROVINCE"和" SILVER COIN"的添加。正面描繪了光緒帝的左臉像，但是一些說法稱其是雲南總督"岑毓英"的肖像。此幣最初是為了抵抗英屬印度的盧比湧入該地區而鑄。但其發行量有限，從未達到完整的生產量。因此，如今十分少見。此枚比一般所見要好得多，在整個外圍都顯示出淡淡的金灰包漿，並具有更豐富的銅綠區域，十分矚目。定會引起專家的注意。

CHINA. Duo of Dollars (2 Pieces), Year 3 (1914). Both PCGS Certified. A decent pair of examples from this highly popular and heavily collected series struck with different die pairs. The one in the genuine holder was cleaned long ago now exhibiting light tone in the peripheries while the example in the EF-45 holder displays russet tone in the central areas with attractive multi-color peripheral tone. A nice pair great for the intermediate collector looking to add depth to their collection. Close personal inspection is advised and will reward the diligent bidder.

JAPAN. Kaga. Fantasy Silver Nan Ryo (10 Ryo), ND (ca. Late 19th Century). VERY FINE. 170.34 x 92.14 mm. Weight: 159.70 gms. An interesting type less encountered than the ovoid types. All of the fantasy issues are the direct result of Commodore Perry opening Japan for trade. The aftermath of Commodore Perry saw a mass exodus of gold from the country, which resulted in fantasies such as the present piece being made for collectors who were interested in East Asian numismatics. This example, richly toned throughout, depicts a type that never existed, firmly remaining as a collector's novelty, but with fascinating numismatic affiliations.

19世紀末日本"臆造"銀大判拾兩。重: 159.70 克。非常有趣的一枚, 極為罕見。這些臆造幣應是應對佩里準將造訪日本開放貿易後, 大量貴金屬錢幣流出, 亦因如此, 臆造幣發行以滿足對東南亞錢幣有興趣的藏家。此枚包漿濃郁, 臆造一枚未曾出現的版別, 新穎有趣, 扣人心弦。

These fantasy issues were most likely produced for collectors who had taken an interest in Japanese coinage. An attractive example with rich slate patina.

19世紀至20世紀初日本"臆造"銀大判拾兩。115.43克。約於1880年打鑄, 應於佩里準將造訪日本, 隨後流出的黃金和其他日本錢幣有關。這些臆造幣應是為滿足對日本錢幣有興趣的藏家。誘人、深灰色的一枚。

44185

JAPAN. Fantasy Silver Nan Ryo Oban (10 Ryo), ND (ca. Late 19th Century). VERY FINE. Weight: 159.32 gms. An interesting and not very well published aspect of Japanese numismatics with lots of variety. These fantasy issues seem to have been manufactured in the late 19th century to accommodate collectors who had taken an interest in East Asian numismatics. The mass exodus of precious metal coinage after Commodore Perry opened Japan for trade resulted in supply shortages and as a direct result, these fantasy pieces were manufactured to fill the wants of eager Western collectors. This example is about as pleasing as one will find of the type, with a base of lovely slate gray patina on both sides and attractive, mostly blue iridescence in the peripherals.

19世紀末日本"臆造"銀大判拾兩。饒有趣味，且並未經完整收錄，日本幣別中值得深究的一環，版別眾多。這些臆造幣應是於19世紀末鑄造，為滿足對東南亞錢幣有興趣的藏家。佩里準將造訪日本開放貿易後，大量貴金屬錢幣流出，亦因如此，臆造幣發行以滿足想深入研究的西方藏家。存世中品相珍稀的一枚，兩面均有動人的鐵灰色包漿，外環有藍色虹彩。

Terms & Conditions – Showcase and Collectors Choice Auctions

1. Auction Basics. This is a public auction sale ("Auction Sale") conducted by bonded auctioneers, Stack's Bowers Galleries or Stack's Bowers and Ponterio (hereinafter referred to as "Auctioneer" and at times as "Stack's Bowers"). Bidding in this Auction Sale constitutes acceptance by you ("Bidder") of all the Terms of Sale stated herein. Bidders may include consignors who may bid and purchase lots in the Auction Sale consigned by the consignor or by other consignors pursuant to their consignment agreement with Stack's Bowers ("Consignor" or "Consignors"). A Consignor that bids on their own lots in the Auction Sale may pay a different fee than the Buyer's Premium charged to all other Buyers. Stack's Bowers reserves the right to include in any auction sale its own material as well as material from affiliated or related companies, principals, officers or employees. Stack's Bowers may have direct or indirect interests in any of the lots in the auction and may collect commissions. THE TWO PRECEDING SENTENCES SHALL BE DEEMED A PART OF THE DESCRIPTION OF ALL LOTS CONTAINED IN THE CATALOG. Where the Consignor has repurchased a lot and the lot is either returned to the Consignor or otherwise dealt with or disposed of in accordance with the Consignor's direction, or pursuant to contractual agreement, Stack's Bowers reserves the right to so note in the prices realized or to omit a price from the prices realized. Stack's Bowers and its affiliates may bid for their own account at any auction. Stack's Bowers and its affiliates may have information about any lot that is not known publicly, and Stack's Bowers and its affiliates reserves the right to use such information, in a manner determined solely by them and for their benefit, without disclosing such information in the catalog, catalog description or at the auction. Bidder acknowledges and agrees that Stack's Bowers and its affiliates are not required to pay a Buyer's Premium, or other charges that other Bidders may be required to pay and may have access to information concerning the lots that is not otherwise available to the public. Any claimed conflict of interest or claimed competitive advantage resulting therefrom is expressly waived by all participants in the Auction Sale. Lots may carry a reserve ("Reserve"). A Reserve is a price or bid below which the Auctioneer will not sell an item or will repurchase on behalf of the Consignor or for Stack's Bowers. Reserves may be confidential and not disclosed. The Buyer is the Bidder who makes the highest bid accepted by the Auctioneer, and includes the principal of any Bidder acting as an agent.

2. Descriptions and Grading. Bidder acknowledges that grading of most coins and currency in this Auction has been determined by independent grading services, and those that are not may be graded by Stack's Bowers. Grading of rare coins and currency is subjective and, even though grading has a material effect on the value of the coins and currency, grading may differ among independent grading services and among numismatists. Stack's Bowers is not responsible for the grades assigned by independent grading services, and makes no warranty or representation regarding such grades. Bidder further acknowledges and agrees that grades assigned by Stack's Bowers and lot descriptions are based solely upon an examination of the coins and currency and are intended to identify coins and currency and note any perceived characteristics. However, coin grading and descriptions are subjective. Stack's Bowers does not warrant the accuracy of such grading or descriptions, nor do they in any way form the basis for any bid. All photographs in this catalog are of the actual items being sold but may not be the actual size or to scale.

3. The Bidding Process. The Auctioneer shall have the right to open or accept the bidding on any lot by placing a bid on behalf of the Consignor or his or her agent; a Bidder by mail, telephone, Internet or telefax; or any other participant in the Auction Sale. Bids must be for an entire lot and each lot constitutes a separate sale. All bids must be on increment as established by the Auctioneer, or half increment (a cut bid). Non-conforming bids will be rounded down to the nearest half or full increment and this rounded bid will be the bidder's high bid. No lot will be broken up unless otherwise permitted by the Auctioneer. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. All material shall be sold in separate lots to the highest Bidder as determined by the Auctioneer. Auctioneer shall have the right in its sole and absolute discretion to accept or decline any bid, establish bid increments, challenge any bid or bidding increment, to reduce any mail bid received, adjudicate all bidding disputes, to exclude any bidder and to determine the prevailing bid. The Auctioneer shall have the right, but not the obligation, to rescind the acceptance of any bid and place the lot(s) for Auction Sale again. Auctioneer's decision on all bidding disputes shall be binding and final. For the mail and Internet Bidder's protection, no "unlimited" or "buy" bids will be accepted. When identical bids are received for a lot, preference is given to the first bid received as determined by the Auctioneer. A mail bid will take precedence over an identical floor bid; a Floor Bidder, Telephone Bidder

and Live Internet Bidder must bid higher than the highest mail bid to be awarded any lot. Cut bids are only accepted on bids greater than \$500 and each bidder may only execute one cut bid per lot. Bids will not be accepted from persons under eighteen (18) years of age without a parent's written consent which acknowledges the Terms of Sale herein and agrees to be bound thereby on behalf of the underage Bidder. The auction sale is complete when the Auctioneer so announces by the fall of the hammer or in any other customary manner.

THIS IS NOT AN APPROVAL SALE. Bidders who physically attend the Auction sale, either personally or through an agent ("Floor Bidders") should carefully examine all lots which they are interested in purchasing. Bidders who bid by telephone, either personally or through an agent, or through our live auction software receive a similar benefit as Floor Bidders in being able to actively participate in the live Auction Sale ("Telephone Bidders" and "Live Internet Bidders"). Except as otherwise expressly provided in these Terms of Sale, NO PURCHASED ITEMS MAY BE RETURNED FOR ANY REASON. All prospective Bidders who examine the lot(s) prior to the Auction Sale personally assume all responsibility for any damage that Bidder causes to the lot(s). Stack's Bowers shall have sole discretion in determining the value of the damage caused, which shall be promptly paid by such Bidder.

Certain auctions or auction sessions, will be conducted exclusively over the Internet, and bids will be accepted only from pre-registered Bidders.

STACK'S BOWERS IS NOT RESPONSIBLE FOR ANY ERRORS IN BIDDING. All Bidders should make certain to bid on the correct lot and that the bid is the bid intended. Once the hammer has fallen and the Auctioneer has announced the Buyer, the Buyer is unconditionally bound to pay for the lot, even if the Buyer made a mistake. Stack's Bowers reserves the right to withdraw any lot at any time, even after the hammer has fallen, until the Buyer has taken physical possession of the lot. No participant in the Auction Sale shall have a right to claim any damages, including consequential damages if a lot is withdrawn, even if the withdrawal occurs after the Auction Sale.

4. Bidder Registration Required. All persons seeking to bid must complete and sign a registration card either at the auction or online, or otherwise qualify to bid, as determined in the sole discretion of the Auctioneer. By submitting a bid, the Bidder acknowledges that Bidder has read the Terms and Conditions of Auction Sale, the descriptions for the lot(s) on which they have bid, and that they agree to be bound by these Terms of Sale. This agreement shall be deemed to have been made and entered in California. The Bidder acknowledges that the invoice describing a lot by number incorporates the catalog and Terms of Sale. Person appearing on the OFAC list are not eligible to bid.

5. Buyer's Premiums. A premium of twenty percent (20%) based upon the total amount of the hammer (minimum of \$20), will be added to all purchases of individual lots, regardless of affiliation with any group or organization (the "Buyer's Premium"). A reacquisition charge may apply to Consignors pursuant to a separate agreement, which may be higher or lower than the Buyer's Premium.

6. Payment. Payment is due immediately upon the fall of the auctioneer's hammer. Payment is delinquent and in default if not received in full, in good funds, within fourteen (14) calendar days of the Auction Sale (the "Default Date"), without exception, time being of the essence. Unless otherwise agreed in writing prior to the Auction Sale, all auction sales are payable strictly in U.S. Dollars or Hong Kong Dollars. All invoices will be made in United States Dollars. If paying in Hong Kong Dollars, Buyer's invoices will be credited with the amount of U.S. Dollars received from Auctioneer's bank. Payments may be made by credit card, Paypal, Union Pay, check, wire transfer, money order and cashier's check. Cash transactions will be accepted in the sole discretion of Stack's Bowers, and if accepted, for any cash transaction or series of transactions exceeding \$10,000, a Treasury Form 8300 will be filed. Contact Stack's Bowers for wiring instructions before sending a wire. Bank wires sent from a foreign bank are subject to an international bank wire fee of \$35. We accept payment by Visa, MasterCard, American Express, Discover or Paypal for invoices up to \$2,500, with a maximum of \$10,000 in any 30 day period. All payments are subject to a clearing period. Checks drawn on U.S. banks will be subject to up to a 10 business day hold, and checks drawn on foreign banks will be subject to a 30 day hold. Stack's Bowers reserves the right not to release lots for which good funds have not yet been received. On any past due accounts, Stack's Bowers reserves the right, without notice, to extend credit and impose carrying charges (as described below). Buyers agree to pay reasonable attorney's fees

Terms & Conditions – Showcase and Collectors Choice Auctions (cont.)

and cost incurred to collect past due accounts. Any invoice not paid by the Default Date will bear a five percent (5%) late fee on the invoice amount. Buyers personally and unconditionally guarantee payment in full of all amounts owed to Stack's Bowers. Any person submitting bids on behalf of a corporation or other entity, by making such bid, agrees to be personally jointly and severally liable for the payment of the purchase price and any related charges and the performance of all Buyer obligations under these Terms of Sale and Stack's Bowers reserves the right to require a written guarantee of such payments and obligations. Bidders who have not established credit with Stack's Bowers must furnish satisfactory information and credit references and/or deposit at least twenty-five percent (25%) of their total bids for that Auction Sale session(s) or such other amount as Stack's Bowers may, in its sole and absolute discretion require before any bids from such Bidder will be accepted. Deposits submitted will be applied to purchases. Any remaining deposits will be promptly refunded, upon clearance of funds.

7. **Sales Tax.** Buyers will be charged all applicable sales tax unless a valid Resale Certificate has been provided to the Auctioneer prior to the auction. Should state sales tax become applicable in the delivery state prior to delivery of the property on the invoice, the Buyer agrees to pay all applicable state sales tax as required by the delivery state as of the shipping date. In the event any applicable sales tax is not paid by Buyer that should have been paid, even if not such tax was not charged or collected by Stack's Bowers by mistake, error, negligence or gross negligence, Buyer nonetheless acknowledges responsibility to pay such sales tax and remains fully liable for and agrees to promptly pay such taxes on demand, together with any interest or penalty that may be assessed by the taxing authority and agrees to indemnify and hold Auctioneer harmless from any applicable sales tax, interest or penalties due. Lots from different Auctions may not be aggregated for sales tax purposes.

8. **Financial Responsibility.** In the event any applicable conditions of these Terms of Sale herein are not complied with by a Buyer or if the Buyer fails to make payment in full by the Default Date, Stack's Bowers reserves the right, in its sole discretion, in addition to all other remedies which it may have at law or in equity to rescind the sale of that lot or any other lot or lots sold to the defaulting Buyer, retaining all payments made by Buyer as liquidated damages, it being recognized that actual damages may be speculative or difficult to compute, and resell a portion or all of the lots held by Stack's Bowers, in a commercially reasonable manner, which may include a public or private sale, in a quantity sufficient in the opinion of Stack's Bowers to satisfy the indebtedness, plus all accrued charges, and Stack's Bowers may charge a seller's commission that is commercially reasonable. More than one such sale may take place at the option of Stack's Bowers. If Stack's Bowers resells the lots, Buyer agrees to pay for the reasonable cost of such sale, together with any incidental costs of sale, including reasonable attorney's fees and costs, cataloging and any other reasonable charges. Notice of the sale shall be by U.S.P.S. Certified Mail, Return Receipt Requested to the address utilized on the Bid Sheet, Auction Consignment and Security Agreement or other last known address by Stack's Bowers. The proceeds shall be applied first to the satisfaction of any damages occasioned by Buyer's breach, then to any other indebtedness owed to Stack's Bowers, including without limitation, commissions, handling charges, carrying charges, the expenses of both sales, seller's fees, reasonable attorneys' fees, costs, collection agency fees and costs and any other costs or expenses incurred. Buyer shall also be liable to Stack's Bowers for any deficiency if the proceeds of such sale or sales are insufficient to cover such amounts.

Buyer grants to Stack's Bowers, its affiliates and assignees, the right to offset any sums due, or found to be due to Stack's Bowers, and to make such offset from any past, current, or future consignment, or purchases that are in the possession or control of Stack's Bowers; or from any sums due to Buyer by Stack's Bowers, its affiliates and assignees. In addition, defaulting Buyers will be deemed to have granted to Stack's Bowers, its affiliates and assignees, a security interest in: (x) the purchased lots and their proceeds, and (y) such sums or other items and their proceeds, in the possession of Stack's Bowers, its affiliates or assignees, to secure all indebtedness due to Stack's Bowers and its affiliated companies, plus all accrued expenses, carrying charges, seller's fees, attorney fees, and costs, until the indebtedness is paid in full. Buyer grants Stack's Bowers the right to file a UCC-1 financing statement for such items, and to assign such interest to any affiliated or related company or any third party deemed appropriate by Stack's Bowers. If the auction invoice is not paid for in full by the Default Date, a carrying charge of one-and-one-half percent (1-1/2%) per month may be imposed on the unpaid amount until it is paid in full. In the event this interest rate exceeds the interest

permitted by law, the same shall be adjusted to the maximum rate permitted by law, and any amount paid in excess thereof shall be allocated to principal. Buyer agrees to pay all reasonable attorney's fees, court costs and other collection costs incurred by Stack's Bowers or any affiliated or related company to collect past due invoices or to interpret or enforce the terms hereof or in any action or proceeding arising out of or related to the Auction Sale. Stack's Bowers reserves the right to assign its interest to any third party. To the extent that the Buyer for any lot consists of more than one person or entity, each such person or entity is jointly and severally liable for all obligations of the Buyer, regardless of the title or capacity of such person or entity. Stack's Bowers shall have all the rights of a secured creditor under Article 9 of the California Commercial Code and all rights of the consignor to collect amounts due from the Buyer, whether at law or equity.

9. **Shipping.** It is the Buyer's responsibility to contact Stack's Bowers after the sale to make shipping and packaging arrangements. Due to the fragile nature of some lots, Stack's Bowers may elect not to assume responsibility for shipping or packing, or may charge additional shipping and handling. Stack's Bowers, in its sole discretion, may not ship to select countries. Lots indicated as being "framed" or that are specifically identified in the catalog are shipped at Buyer's risk. All taxes, postage, shipping, if applicable, handling, insurance costs, the Buyer's Premium, and any other fees required by law to be charged or collected will be added to the invoice for any lots invoiced to Buyer. All lots shipped to foreign countries will be billed an additional one-half percent (1/2%) for insurance (minimum of \$10). For any lots delivered outside the country where the auction is hosted, the declaration value shall be the item(s) hammer price plus its buyer's premium. Auctioneer shall not be liable for any loss caused or resulting from seizure or destruction under quarantine or customs regulation or confiscation by order of any government or public authority. Buyer shall be responsible for paying all applicable taxes, duties and customs charges for all lots delivered outside the country where the auction is hosted. All lots will be shipped FOB Destination, freight prepaid and charged back. Title and risk of loss pass to the Buyer at the destination upon tender of delivery. Acceptance of delivery constitutes acceptance of the purchased lots. Inspection of the purchased lots is not required for acceptance. Any and all claims based upon Buyer's failure to receive a purchased lot, Buyer's receipt of a lot in damaged condition, or otherwise related to delivery, must be received in writing by Stack's Bowers no later than the earlier of thirty (30) days after payment, or the date of the Auction Sale (the "Outside Claim Date"). As Buyers may not receive notification of shipment, it is Buyer's responsibility to keep track of the Outside Claim Date and make timely notification of any such claim. The failure to make a timely claim, time being of the essence, shall constitute a waiver of any such claim. Orders paid by credit card will only be shipped to the verified address on file with the credit card merchant.

10. **DISCLAIMER AND WARRANTIES.** NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE IS MADE OR IMPLIED ON ANY LOT. NO WARRANTY, WHETHER EXPRESSED OR IMPLIED, IS MADE WITH RESPECT TO ANY LOT EXCEPT FOR WARRANTY OF TITLE, AND IN THE CASE OF TITLE, AUCTIONEER IS SELLING ONLY THAT RIGHT OR TITLE TO THE LOT THAT THE CONSIGNOR MAY HAVE AS OF THE AUCTION SALE DATE. ALL LOTS ARE SOLD "AS IS" AND WITH ALL FAULTS. PURCHASER HEREBY ASSUMES ALL RISKS CONCERNING AND RELATED TO THE GRADING, QUALITY, DESCRIPTION, CONDITION, AND PROVENANCE OF A LOT.

ALL THIRD PARTY GRADING SERVICE GUARANTEES, INCLUDING AUTHENTICITY, ARE THE SOLE RESPONSIBILITY OF THE THIRD PARTY GRADING SERVICE AND NOT WARRANTIES OR GUARANTEES OF THE AUCTIONEER. BUYERS SHOULD CONTACT THESE THIRD PARTY GRADING SERVICES DIRECTLY WITH RESPECT TO ANY CLAIMS OR QUESTIONS THEY MAY HAVE CONCERNING THEIR GUARANTEES AND WARRANTIES. BUYERS ACKNOWLEDGE AND AGREE THAT AUCTIONEER IS NOT BOUND BY OR LIABLE FOR ANY OPINION OR CERTIFICATION BY ANY THIRD PARTY GRADING SERVICE.

error in the catalog description of a non-certified coin or currency, such lot may be returned, provided written notice is received by Stack's Bowers no later than seventy-two (72) hours of delivery of the lots in question, and such lots are returned and received by Stack's Bowers, in their original, sealed containers, no later than fourteen (14) calendar days after delivery, in the same condition the lot(s) were delivered to the Buyer, time being of the essence. Non-certified coins and currency that have been either examined by the Buyer prior to the Auction Sale or purchased by the Buyer or Buyer's agent at the Auction Sale, will not be granted return privileges, except for authenticity.

c. All non-certified coins and currency are guaranteed to be genuine.

d. If an item or items are returned pursuant to the terms herein, they must be housed in their original, sealed and unopened container.

e. Late remittance or removal of any item from its original container, or altering a coin constitutes just cause for revocation of all return privileges.

f. Grading or condition of rare coins and currency may have a material effect on the value of the item(s) purchased, and the opinion of others (including independent grading services) may differ with the independent grading services opinion or interpretation of Stack's Bowers. Stack's Bowers shall not be bound by any prior, or subsequent opinion, determination or certification by any independent grading service.

g. Questions regarding the minting of a coin as a "proof" or as a "business strike" relate to the method of manufacture and not to authenticity.

h. All oral and written statements made by Stack's Bowers and its employees or agents (including affiliated and related companies) are statements of opinion only, and are not warranties or representations of any kind, unless stated as a specific written warranty, and no employee or agent of Stack's Bowers has authority to vary or alter these Terms and Conditions of Auction Sale. Stack's Bowers reserves the right to vary or alter the Terms of Sale, either generally or with respect to specific persons or circumstances, in its sole discretion. Any variation or alteration shall be effective only if in writing and signed by an officer of Stack's Bowers authorized to do so.

i. Stack's Bowers is acting as an auctioneer. Title to the lots purchased passes directly from the Consignor to the Buyer. Accordingly, Stack's Bowers is not making, and disclaims, any warranty of title.

j. Bidders shall have no recourse against the Consignor for any reason whatsoever.

k. Bidder acknowledges that the numismatic market is speculative, unregulated and volatile, and that coin prices may rise or fall over time. Stack's Bowers does not guarantee or represent that any customer buying for investment purposes will be able to sell for a profit in the future.

l. Bidder acknowledges and agrees that neither Stack's Bowers, nor its employees, affiliates, agents, third-party providers or consignors warrant that auctions will be uninterrupted, error free and accordingly shall not be liable for such events.

11. Waiver and Release. Bidder, for himself, his heirs, agents, successors and assignees, generally and specifically waives and releases, and forever discharges Stack's Bowers, and its respective affiliates, parents, officers, directors, shareholders, agents, subsidiaries, employees, managers and members and each of them, and their respective successors and assignees from any and all claims, rights, demands and causes of actions and suits, of whatever kind or nature, including but not limited to claims based upon Auctioneer's negligence, whether in law or equity, tort or otherwise, whether known or unknown, suspected or unsuspected (a "Claim"), which Bidder may assert with respect to and/or arising out of, or in connection with any challenge to the title to or authenticity of any goods purchased, the sale itself, any lot bid upon or consigned, and/or the auction, except where such Claim is otherwise expressly authorized in these Terms of Sale. It is the intention of Bidder that this waiver and release shall be effective as a bar to each and every Claim that may arise hereunder or be related to the Auction Sale, and Bidder hereby knowingly and voluntarily waives any and all rights and benefits otherwise conferred upon him by the provisions of Section 1542 of the California Civil Code, which reads in full as follows:

"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLE-

MENT WITH THE DEBTOR OR RELEASED PARTY."

12. Disputes. If a dispute arises concerning ownership of a lot or concerning proceeds of any sale, Stack's Bowers reserves the right to commence a statutory inter-pleader proceeding at the expense of the Consignor and Buyer and any other applicable party, and in such event shall be entitled to its reasonable attorneys' fees and costs. Stack's Bowers reserves the right to cancel or postpone the Auction Sale or any session thereof for any reason whatsoever. No Bidder shall have any claim as a result thereof, including for incidental or consequential damages. Neither Stack's Bowers nor any affiliated or related company shall be responsible for incidental or consequential damages arising out of any failure of the Terms of Sale, the auction or the conduct thereof and in no event shall such liability exceed the purchase price, premium, or fees paid. Rights granted to Bidders under the within Terms and Conditions of Auction Sale are personal and apply only to the Bidder who initially purchases the lot(s) from Stack's Bowers. The rights may not be assigned or transferred to any other person or entity, whether by sale of the lot(s), operation of law or otherwise. Any attempt to assign or transfer any such rights shall be absolutely void and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions of Auction Sale.

Any dispute arising out of or related to these Terms of Sale, the Auction Sale or any lot, with the sole exception of actions by Stack's Bowers to collect amounts owed to it and other damages, shall be submitted to binding arbitration pursuant to the commercial arbitration rules of the American Arbitration Association, with any arbitration hearing to occur in Orange County, California. Absent an agreement of the parties, the arbitrator shall limit discovery to that which is necessary to enable the hearing to proceed efficiently. The arbitrator shall not have the power to award punitive or consequential damages, nor alter, amend modify any of the terms of this Agreement. The award by the arbitrator, if any, may be entered in any court having jurisdiction thereof. Each party shall pay one-half the costs of the arbitration. Bidder acknowledges and agrees that the competent courts of the State of California shall have exclusive in personam jurisdiction, subject to the requirement to arbitrate, over any dispute(s) arising hereunder, regardless of any party's current or future residence or domicile. Bidder further agrees that venue of the arbitration proceeding shall be in Orange County, California; and any court proceeding shall be in the Orange County Superior Court, in the State of California, and in each case waive any claim of Forum Non Conveniens. Bidder agrees that any arbitration or legal action with respect to this Auction Sale is barred unless commenced within one (1) year of the date of this Auction Sale. AUCTION PARTICIPANT'S EXPRESSLY WAIVE ANY RIGHT TO TRIAL BY JURY.

13. General Terms. These Terms and Conditions of Auction Sale and the auction shall be construed and enforced in accordance with, and governed by, the laws of the State of California, regardless of the location of the Auction Sale. These Terms of Sale and the information on the Stack's Bowers' website constitute the entire agreement between the parties hereto on the subject matter hereof and supersede all other agreements, understandings, warranties and representations concerning the subject matter hereof. If any section of these Terms of Auction Sale or any term or provision of any section is held to be invalid, void, or unenforceable by any court of competent jurisdiction, the remaining sections or terms and provisions of a section shall continue in full force and effect without being impaired or invalidated in any way. Stack's Bowers may at its sole and absolute discretion, make loans or advances to Consignors and/or Bidders.

14. Chinese Translation. The Chinese translations are provided as a matter of convenience. In the event of a conflict, all English Terms and Conditions and lot descriptions take precedence and are binding.

Bidding in this auction sale constitutes unconditional acceptance by the Bidder of the foregoing terms of sale.

Please note: Transparent holders in which the auction lots are stored are to facilitate viewing and inspection of the lots and ARE NOT for long-term storage.

PCGS and NGC numbers provided are for bidder convenience only, we do not guarantee their accuracy. An incorrect PCGS or NGC number is not grounds to return a lot.

Terms & Conditions – Showcase and Collectors Choice Auctions (cont.)

1. 拍賣基準。本次公開拍賣會（「拍賣會」）由有擔保拍賣商 Stack's Bowers Galleries 或 Stack's Bowers and Ponterio（下文稱為「拍賣商」及不時稱為「Stack's Bowers」）主辦。在拍賣會上競投即表示閣下（「競投人」）接受本文所載的所有銷售條款。競投人可包括貨主，該等貨主可根據與 Stack's Bowers 訂立的委託協議在拍賣會上競投及購買他們自身或其他貨主委託的拍賣品（「貨主」）。在拍賣會競投自身拍賣品的貨主支付的費用可能異於向其他買方收取的佣金。Stack's Bowers 保留在任何拍賣會上加入其自身拍賣品以及聯營或相關公司、主事人、高級職員或員工的拍賣品的權利。Stack's Bowers 可能在拍賣會上的任何拍賣品中擁有直接或間接權益，並且可能收取佣金。以上兩句句子應被視為目錄中載列的所有拍賣品說明中的一部分。倘若一名貨主回購一個拍賣品，而且該拍賣品獲退還予貨主或按照貨主的指示或根據合約協議以其他方式處理或處置，則 Stack's Bowers 保留權利在已變現價格中如實註明或在已變現價格中忽略一個價格。Stack's Bowers 及其聯營公司可於任何拍賣會上出於自身利益競投。Stack's Bowers 及其聯營公司可能持有有關任何拍賣品的不公開資料，並且 Stack's Bowers 及其聯營公司保留按自行決定的方式及出於自身利益使用該等資料的權利，而不需要在目錄、目錄說明或拍賣會上披露該等資料。競投人承認及同意，Stack's Bowers 和其聯營公司不需要支付其他買方可能需支付的佣金或其他收費，並且可能獲得有關該等拍賣品的非公開資料。拍賣會的所有參與者明示放棄由此導致的利益衝突或競爭優勢提出索償的權利。拍賣品可能附帶一個底價。底價是指一個保密價格或競投價，若競投價低於底價，拍賣商將不會出售貨品，並且將代表貨主或 Stack's Bowers 回購該貨品。買方是出價最高而且獲拍賣商接受的競投人，並且包括作為代理人的競投人主事人。

2. 說明及評級。競投人承認，本次拍賣會的大部分硬幣及貨幣的評級已由獨立評級服務機構釐定，而其他未獲評級的硬幣可能由 Stack's Bowers 評級。罕見硬幣及貨幣的評級帶有主觀性，雖然評級對硬幣和貨幣的價值有重要影響，但獨立評級服務機構之間及古幣收藏家之間的評級也可能互有差異。Stack's Bowers 不對獨立評級服務機構賦予硬幣的評級負責，並且不對該評級作出任何保證或陳述。競投人進一步承認並同意，Stack's Bowers 賦予硬幣的評級及拍賣品說明僅單獨基於對硬幣或貨幣的考證，並且其目的是註明任何被認知的特徵。然而，評級及說明帶有主觀性。Stack's Bowers 不保證該評級或說明的準確性。本目錄中的所有照片都是實際待拍物品的照片，但可能與實際尺寸有所差別或不符比例，Stack's Bowers 擁有該等照片的版權。

3. 競投過程。拍賣商有權透過代表貨主或其代理人、或以郵件、電話、互聯網或電傳方式競投的競投人、或拍賣會上的任何其他參與者出價，公開或接受任何拍賣品的競投。所有競投均必須以美元下達及執行。競投必須針對整個拍賣品，並且每個拍賣品均構成一筆獨立的交易。未經拍賣商允許，不得將任何拍賣品分拆。除非拍賣商另有指示，否則拍賣品將按其編號順序進行拍賣。所有拍賣品均應作為獨立的拍賣品出售予拍賣商裁定的出價最高的競投人。拍賣商可自行決定接受或拒絕任何競投價，挑戰任何競投價或設置競投價遞增金額、降低已收到的郵件競投價、裁決所有競投糾紛及裁定勝出競投。拍賣商有權但並沒有義務撤回對任何競投的接受，並將該拍賣品再次投入拍賣。拍賣商對所有競投糾紛的裁決具有約束力，並且是最終決定。為保護郵件和網絡競投人，不接受「無限」或「購買」競投。如果某個拍賣品收到相同的競投，將根據拍賣商的決定優先考慮第一個收到的競投。郵件競投將優先於同價的實地競投；實地競投和電話競投人的競投價必須高於最高的郵件競投價才能獲得任何拍賣品。對於未滿十八 (18) 歲之人士，若沒有收到其父母代表該未成年競投人承認本銷售條款且同意受

其約束的事先書面同意，將不會接受該未成年人的競投。當拍賣商透過敲槌或其他慣用方式宣佈交易完成時，一個拍賣品之拍賣即告完成。

這不是試用出售。不管親自還是透過代理到場參加拍賣會的競投人（「實地競投人」），均應仔細檢視自己有意購買的所有拍賣品。不管親自還是透過代理以電話方式競投的競投人，均與實地競投人一樣接受同等待遇，可以積極參加現場拍賣會（「電話競投人」）。除非本銷售條款中另有明確規定，否則任何競投人不得以任何理由退回已購買的物品。在拍賣會之前親自檢視拍賣品的所有潛在競投人需負責競投人對拍賣品造成的任何損害。Stack's Bowers 有權自行裁定所造成的損害的價值，而且該競投人應對此立即予以賠付。

Stack's Bowers 不對競投過程中出現的任何差錯負責。所有競投人應確保對正確的拍賣品進行競投，根據真實意向出價。拍賣商一旦擊槌及宣佈獲勝競投人，即使該競投人出錯，也必須無條件付款購買該拍賣品。Stack's Bowers 保留即使在落槌之後，也可隨時撤回任何拍賣品的權利，直到該買方已經實際取得該拍賣品。即使是在拍賣會之後撤回拍賣品，拍賣會的參與者也沒有權利追索任何損害賠償，包括間接損害賠償。

4. 競投人必須登記。有意競投的所有人士均必須在拍賣會或透過互聯網網上填寫及簽署登記卡或競投表登記參加拍賣。提交競投，即表示競投人承認，競投人已經閱讀拍賣條款和條件及他們競投的拍賣品的說明，並且他們同意這些銷售條款約束。本協議應視為在加利福尼亞達成。競投人承認，以數字描述拍賣品的發票包括了目錄和銷售條款。

5. 買方佣金。競投人的所有購買均額外收取相等於每個拍賣品獲接受的最後成交總價百分之二十 (20%) 的買方佣金，最低收取佣金為20美金，而無論買方是否附屬於任何集團或組織。或會根據獨立協議向貨主收取回購費用，回購費用可能高於或低於買方佣金。

6. 付款。款項在拍賣商落槌之後即時應付。在拍賣會之後十四 (14) 個日曆日（「違約日」）內未以真實資金全額付款，將一律構成拖欠付款及違約（時間為要素）。除非在拍賣之前以書面形式聲明同意其他形式，所有拍賣款項將以美元及港元款種支付。所有發票將以美元出具。若以港元支付，買方的發票將以賣方的銀行結算所得之美元金額開具。款項可以信用卡、Paypal、銀聯、支票、銀行電匯、匯票或銀行本票支付。僅在Stack's Bowers全權同意准許的情況下接受現金結算，且若現金結算額（一次或多次）超出10,000美元，須填寫表格 Treasury Form 8300。請在發出電匯之前聯繫 Stack's Bowers 以查詢電匯指示。若電匯付款，買家需另付35美元電匯手續費。我們接受以Visa, MasterCard, American Express, Discover, Paypal 或銀聯清付每張總款項於2,500美元或以下之發票，30天內總發票金額不得超過10,000美元。所有款項均有清算期。美國銀行發出的支票需時最多十個工作天，國外銀行發出的支票需時最多三十個工作天。Stack's Bowers 保留拒絕發放尚未收到相關真實資金的拍賣品的權利。對於到期未付的任何賬款，Stack's Bowers 保留在不通知的情況下授予信貸並收取附加費用（如下所述）的權利。買方同意支付為收回過期未付賬款而產生的合理律師費及成本。任何發單於違約日後到期未付，均會於發票金額上外加百分之五延遲費用。買方個人無條件保證全額償還欠付 Stack's Bowers 的所有款項。對於任何代表公司或其他實體進行競投的個人，進行競投即表示個人同意負責支付購買價格及相關費用，並且履行銷售條款項下的所有買方義務，Stack's Bowers 保留要求出具該等付款及義務的書面保證的權利。尚未與 Stack's Bowers 建立信貸關係的競投人必須提供令 Stack's Bowers 滿意的信用證明，及/或支付至少相當於其在本次拍賣會時 218

Terms & Conditions – Showcase and Collectors Choice Auctions (cont.)
段總競投價百分之二十五 (25%) 的保證金，或 Stack's Bowers 根據其唯一及絕對酌情權決定在接受此類競投之前必須支付的其他金額。提交的保證金將用於購買。貨款一旦結清，將立即退還所有剩餘保證金。

7. 銷售稅。買方如沒有於拍賣會開始前已向拍賣商出示有效的轉售證書，將被徵收所有適用的銷售稅。若買方要求拍賣品所運送至的州份在送貨日前已徵收銷售稅，買方將同意在送貨前按送貨目的地州份的要求支付所有適用的銷售稅。對於買方應支付而未支付的任何稅款，即使由於 Stack's Bowers 的失誤、錯誤、疏忽、或明顯疏漏造成的，買方仍負有責任並同意在收到要求時立即支付上述稅款以及可能被稅務局徵收的任何利息或罰金，亦同意免除拍賣商承擔任何責任，包括並不限於所有適用的銷售稅、利息或罰金。不同場次的拍賣，拍賣品可能並不全適用於所有的銷售稅。

8. 財務責任。如果買方不遵守銷售條款中的任何適用條件，或若買方未能在違約日之前全部付款，則除了法律或衡平法賦予 Stack's Bowers 的所有其他補救外，Stack's Bowers 可自行決定保留以下權利：(a) 取消售予違約買方的拍賣品或任何其他拍賣品的銷售交易，同時作為違約損害賠償扣留買方已支付的所有款項，理由是實際損失具有不確定性或難以計算，或 (b) 以商業上合理的方式轉售 Stack's Bowers 持有的部分或所有拍賣品，其中可包括公開銷售或私下銷售，銷售數量以 Stack's Bowers 認為足以償還債務以及所有應計費用為限，並且 Stack's Bowers 可能收取在商業上合理的賣方佣金。可根據 Stack's Bowers 的選擇進行不止一次的此類銷售。若 Stack's Bowers 轉售有關拍賣品，買方同意支付此類銷售的合理成本以及附帶的銷售成本，包括合理的律師費和成本、目錄編製和任何其他合理費用。應透過獲認可的隔夜快遞服務或 U.S.P.S. 掛號郵件並要求回條將銷售通知送達買方在競投表、拍賣寄售和抵押協議中提供的地址或 Stack's Bowers 所知的其他最新地址。銷售收入應首先用於抵銷買方違約造成的任何損害賠償，之後用於抵銷欠付 Stack's Bowers 的任何其他債務，包括但不限於佣金、手續費、附加費用、兩次買賣的開支、合理的律師費、成本、收款代理費用和成本以及所產生的任何其他成本或開支。如果此類銷售的所得款項不足以抵銷債項，買方還需負責向 Stack's Bowers 支付任何差額。

買方授權 Stack's Bowers、其聯營公司及受讓人抵銷任何應付款項或欠付 Stack's Bowers 的任何金額，並利用 Stack's Bowers 持有或控制的任何過去、現在或將來的寄售品或購買品，或利用 Stack's Bowers 或其聯營公司及受讓人應支付予買方的任何金額進行此類抵銷。另外，違約買方將被視為已向 Stack's Bowers、其聯營公司及受讓人轉讓以下的抵押權益：(x) 已購買拍賣品及其所得款項，及 (y) Stack's Bowers、其聯營公司或受讓人持有的款項或其他物品及其所得款項，以作為欠付 Stack's Bowers 及其聯營公司的所有債務以及所有應付開支、附加費用、律師費及成本的抵押，直至清償所有債務為止。買方授予 Stack's Bowers 使用任何可允許的方式完善抵押權益的權利，包括提交對此類物品的 UCC-1 融資聲明，及將此等抵押權益轉讓予 Stack's Bowers 認為適當的任何聯營公司或相關公司或任何第三方的權利。如果未在違約日之前全額支付拍賣發票金額，須對未支付的結餘按每月百分之一點五 (1-1/2%) 的利率支付附加費用，直到付清。如果該利率超過法律允許的最高利率，則該利率將被調整為法律允許的最高利率，並且已超額支付的任何金額將被計入本金。買方同意支付 Stack's Bowers 或其聯營公司或相關公司為了收取過期未付發票金額，或為了解釋或執行本文條款，或在源於或涉及拍賣會的任何訴訟或法律程序中所產生的所有

合理律師費、訴訟費和其他追收欠款費用。Stack's Bowers 保留將其利益轉讓予任何第三方的權利。如果成功投得任何拍賣品的買方是由多過一名人士或一個實體組成，則其中的每位個人或每個實體須共同及個別承擔該買方的所有責任，而不管該等個人或實體的職銜或身份為何。Stack's Bowers 應擁有《加利福尼亞州統一商法》下有擔保方可享有的所有權利，以及貨主向買方追收欠款的所有權利，無論是法律上或是衡平法上的權利。

9. 貨運。買方有責任在拍賣之後聯絡 Stack's Bowers，以安排運輸及包裝事宜。由於某些拍賣品易受損壞，Stack's Bowers 可能選擇不承擔運輸或包裝責任，或就額外的運輸及處理收取費用。Stack's Bowers 可自行決定不運送至某些國家。買方承擔標明「加裝外框」的拍賣品的運輸風險。所有稅款、郵資、運費、（若適用）處理與保險成本、買方佣金及法律要求收取或徵收的其他費用將添加至就任何拍賣品向買方出具的發票。全部運輸到外國的拍賣品將要額外收取0.5%的保險費用（最低10美元）。任何要從拍賣舉行當地出境的拍賣品，其申報價值應為拍品落槌價加上買家佣金。拍賣行不會賠償任何因海關或政府扣押、沒收、損毀拍品等而導致的損失。買方應負責為於拍賣舉行當地以外交付的所有拍品支付所有適用的稅款，關稅和海關費用。所有拍賣品的運輸將在目的地交貨，並且預付及墊付運費。在目的地指示交付之後，擁有權及損失風險將轉移至買方。接受交付即表示接受已購買的拍賣品。檢視已購買的拍賣品並非接受交付之必須條件。基於買方未能收取已購買拍賣品、買方收到的拍賣品受損或與交付相關的其他情形的任何及所有索償，必須在付款之後三十 (30) 天內或拍賣日（「外部索償日期」）

（取兩者中較早者），由 Stack's Bowers 以書面形式收取。買方可能不會收到運輸通知，追蹤外部索償日期並且及時告知此類索償是買方的責任。未能及時提出索償（時間為要素）將構成對任何該等索償的放棄。使用信用卡支付的發票，拍賣品將會被運至信用卡資料上所確認的地址。

10. 免責聲明及擔保。不對任何拍賣品的適銷性或針對特定目的的適用性作出或暗示任何擔保。除擁有權的擔保外，不對任何拍賣品作出任何明示或暗示的擔保，並且在擁有權方面，拍賣商只銷售貨主在拍賣會日期對該拍賣品擁有的權利或擁有權。所有拍賣品均「按原樣」及具有之所有瑕疵出售。買方特此承擔有關和涉及拍賣品的評級、品質、描述、狀況和原產地等方面的所有風險。

a. 本目錄列載的硬幣或貨幣由 PCGS、NGC、ANACS、ICG、PCGS CURRENCY、PMG、PCGS BANKNOTE GRADING、CMC或任何其他第三方評級服務機構評級及裝盒，除此處明確說明外，均按“原樣”出售，買方不得出於任何原因退還該等硬幣或貨幣。所有經第三方評級服務機構擔保的硬幣或貨幣，包括其真實性，應由第三方評級服務機構承擔全部責任。買方應就任何有關擔保及保證的索賠或問題直接聯繫第三方評級服務機構。買方承認並同意，拍賣商不會對任何第三方評級服務機構的任何意見或認證作出承責或擔保。

b. 對於買方未在拍賣會前進行檢視或未由買方或買方的代理在拍賣會上購買的非認證硬幣：如果 Stack's Bowers 在審議中裁定，非認證硬幣的目錄說明存在重大錯誤，則可退還該等拍賣品，條件是 Stack's Bowers 在交付相關拍賣品之後七十二 (72) 小時內收到相關書面通知，並且 Stack's Bowers 在交付之後十四 (14) 個日曆日內收到由原密封箱包裝的該等拍賣品，並且該等拍賣品的狀況與當初交付予買方時的狀況相同（時間為要素）

Terms & Conditions – Showcase and Collectors Choice Auctions (cont.)

。非認證的硬幣和貨幣在經買方檢視或由買方或買方的代理在拍賣會上購買，除真實性外，不會獲得退貨特權。

c. 所有非認證的硬幣及紙幣，其真實性均受確保。

d. 如果根據本文條款退還物品，該等物品必須被放置在未開封的原密封箱內。

e. 延遲退還或拆除組成原密封箱的任何物品即構成撤銷所有退貨特權的原由。

f. 罕見硬幣或貨幣的評級或狀況可能對已購買物品的價值有重要影響，而且他人的意見（包括獨立評級服務機構）可能與該獨立評級服務機構的意見或 Stack's Bowers 的解釋不同。Stack's Bowers 應不受獨立評級服務機構的先前或此後意見、裁定或認證約束。

g. 有關硬幣作為「幣樣」或「商業製幣」鑄製的問題與製造方法相關，而與硬幣的真實性不相關。

h. 除非明確聲明為書面擔保，否則 Stack's Bowers 及其員工（包括聯營及相關公司）作出的所有口頭和書面表述僅屬意見表述，不屬於任何類型的擔保或陳述，並且 Stack's Bowers 的任何員工或代理人均無權改變或更改本拍賣條款及條件。任何變更只有採用書面方式，並且需經有權簽字的 Stack's Bowers 高級職員簽字後方能生效。Stack's Bowers 保留權利，以行使其絕對酌情權對銷售條款作出一般或針對特定人士或情況的修改或更改。任何修改或更改只有採用書面方式，並且需經有權簽字的 Stack's Bowers 高級職員簽字後方能生效。

i. Stack's Bowers 作為官方拍賣師。所有拍品皆由委託人出品而直接由買家購買，因此，Stack's Bowers 並不會作出任何擔保。

j. 競投人無權以任何理由對貨主提出追索。

k. 競投人承認，罕見硬幣市場具投機性、不受規管且非常波動，並且硬幣及貨幣價格可隨時間推移上升或下跌。Stack's Bowers 不保證或聲明任何客戶 將能夠在未來出售獲利。

l. 競投人承認並同意，Stack's Bowers 或其員工、聯營公司、代理人、第三方提供商或貨主均未擔保拍賣不會受到破壞、被中斷或出現差錯，並因此不對此類事件負責。

11. 棄權和豁免。競投人代表其自身、繼承人、代理人、繼任人和受讓人就一般情況和具體情況放棄和豁免，同時永久免卻 Stack's Bowers 及其各個聯營公司、母公司、股東、代理人、子公司、員工、其各自的董事會成員及他們每個人以及他們各自的繼承人和受讓人承擔競投人可能聲稱享有的涉及和／或源於或關於對購買的任何商品的擁有權、真實性、銷售本身、競投或寄售的任何拍賣品和／或拍賣之質疑而提出的任何類型或性質的任何和所有索償、權利、要求和起訴、訴訟原因的責任，包括但不限於根據拍賣商的疏忽而提出的索償（「索償」），而不管是依據法律還是依據衡平法、已知還是未知、被懷疑還是未受懷疑的索償、權利、要求和起訴、訴訟原因，惟銷售條款另外授權的索償除外。競投人的意圖在於，此等棄權和豁免應等效於對可能根據本協議提起或與拍賣會相關的每個索償的免除，並且競投人明確自願放棄其根據《加利福尼亞州民法典》第 1542 章享有的任何及所有權利及利益，章節全文如下：

「一般豁免並不包括債權人及豁免方在簽署豁免書時並不知曉或懷疑可能存在的有利於他／她的索償，且一旦獲知，必定對其與債務人及被豁免方間的清算產生重大影響。」

12. 糾紛。如果出現有關拍賣品擁有權，或有關任何銷售所得款的糾紛，Stack's Bowers 保留啟動申訴人及答辯人之間的法定

程序的權利，並由貨主、買方和任何其他合適當事人承擔相關開支，並且在此等情況下，Stack's Bowers 應有權收回其合理的律師費和成本。Stack's Bowers 保留以任何理由取消或推遲拍賣會或其中任何拍賣時段的權利。競投人不得就此提出索償，包括基於附帶或間接損害的索償。Stack's Bowers 或其任何聯營或相關公司均不負責因銷售條款、拍賣及拍賣進行中存在的任何問題造成的附帶或間接損害賠償，並且此類責任在任何情況下均不得超過已支付的購買價格、佣金或費用。拍賣條款及條件中所賦予競投人的權利歸屬個人，並且僅適用於最初從 Stack's Bowers 購買拍賣品的競投人。不得透過銷售拍賣品、運用法律或其他手段將該權利轉讓或讓與任何其他個人或實體。任何轉讓或讓與此類權利的意圖應屬絕對無效及不可執行。任何第三方均不得依賴本拍賣條款及條件賦予的任何利益或權利。

13. 一般條款。本拍賣條款及條件及拍賣適用美國加利福尼亞州法律監管，不論拍賣會於何處舉行。任何拍賣或拍賣品

因條款產生或與條款相關之糾紛，除 Stack's Bowers 針對所欠款項或對其造成損害所採取之行動外，將交由仲裁，其所依據之法條為 Professional Numismatics Guild ("PNG") 條文。所有競投人同意，美國加利福尼亞州法庭，受仲裁須要之限制有解決關於本銷售條款、拍賣會或拍賣品導致的所有糾紛的專屬管轄權，不論任何一方目前或未來的居所。所有競投人亦同意仲裁發生地點為加利福尼亞州橘郡(Orange County)，由橘郡高等法院執行。競投人同意，除非在拍賣會日期後一 (1) 年內啟動，否則有關本拍賣會的任何法律訴訟將被禁止。Stack's Bowers 網站上的本銷售條款及資訊構成相關當事人就本文所述主題達成的完整協議，並取代有關主題的所有其他協議、諒解、擔保和陳述。如果本拍賣條款的任何部分，或其中任何部分的任何條款或規定被具有有效管轄權的任何法庭裁定為無效或無法執行，其餘部分或某部分的其餘條款和規定將繼續完全有效，且不以任何方式受到損害或失效。Stack's Bowers 可完全自主決定向貨主或競投人提供貸款或預付款。
